

Dual Density Hatch Covers

We think that you'll agree that we perfected the hatch cover. The outer ring is flexible so it's easy to get off and on, with a solid grip so water won't get in. The center is durable and stiff for added protection for your equipment.

Molded-in Ergonomic Seat with Padding

Designed to hug the contours of your body, this comfortable touring seat never compromises performance. Rounded edges and leg lifts enhance an ergonomic seat that will give you a great ride.

Precision Adjustable Thighbraces

Our thighbraces provide two inches of fore and aft adjustment and never surrender stiffness. Now you can feel comfortable and easily get in and out of your boat.

DVD

Start Right DVD Video With Every Boat

All kayaks come with the new Start Right DVD with useful tips on safety, outfitting and paddling.

Yakima® Retractable Rudder

We know how strong crosscurrents and crosswinds can add unplanned hours to your day. So our newly designed rudder can help lighten the load. Lighter than aluminum rudders, this one is made of thermoplastic and is just as stiff. The foil shape makes for low drag and is also cam-actuated for easy deployment and retraction.

Day Touring AirCore™

A self-inflating system with memory foam provides easy on-the-fly adjustability for both thigh lift and lumbar support. So you can have comfortable, responsive paddling all day long.

Camlok™ Adjustable Seatback

As light as it is comfortable, you can easily adjust your sculpted Thermofoam covered seatback with a fore-mounted Camlok™ buckle.

CAROLINA SERIES

It's no wonder this family of kayaks is the most raved about, innovative and sought after on the face of the earth. We think it's because this particular series of boats is unequalled in stability, maneuverability and precision tracking. Plus, with updated outfitting like the new self-inflating AirCore™ adjustable lumbar and thigh support, Camlok™ adjustable backrests, Dual Density cargo hatches and Precision Adjustable thighbraces, it's easy to see why these have earned celebrity status in kayak shops around the world.

CAROLINA 16.0

Designed with the larger paddler in mind, the 16.0 has a larger interior cockpit and higher deck than the other boats in this series. And for an overnighter or multi-day trip, there's plenty of cargo space.

LENGTH: 16' (4.88m) • WIDTH: 25.25" (64cm)
 WEIGHT: 64 lbs. (29kg) • COCKPIT: 34.5x21" (88x53cm)
 DECK HEIGHT: 12.5" (32cm) • MAXIMUM LOAD: 425 lbs. (193kg)
 STORAGE CAPACITY: 11050in³ (181L)

CAROLINA 14.5

The 14.5 is the most popular touring kayak in the world because of its ideal combination of stability, maneuverability and tracking – all due to a sleek, fast hull that's perfect for the mid-sized paddler.

LENGTH: 14'7" (4.37m) • WIDTH: 24.5" (62cm)
 WEIGHT: 60 lbs. (27kg) • COCKPIT: 38x21" (90x51cm)
 DECK HEIGHT: 11.5" (29cm) • MAXIMUM LOAD: 400 lbs. (181kg)
 STORAGE CAPACITY: 8600in³ (141L)

NEW CAROLINA 13.5 ☀

Ideal for the smaller paddler, the 13.5 is light and short for great tracking and maneuverability (and easy portability). Plus, it's made with a lower, fitted deck to meet the smaller paddler's particular needs.

LENGTH: 13'7" (4.14m) • WIDTH: 24.25" (60cm)
 WEIGHT: 52 lbs. (24kg) • COCKPIT: 38x21" (90x51cm)
 DECK HEIGHT: 11" (28cm) • MAXIMUM LOAD: 335 lbs. (155kg)
 STORAGE CAPACITY: 6500in³ (110L)

CAROLINA 12.0

For those kids who love the water, we've created the 12.0. So if you have a son or daughter that's 120 pounds or lighter, the 12.0 was made for them. Easy to handle with a Greenland style hull for precision tracking, you'll never hear the words "are we there yet?" again.

LENGTH: 12'2" (3.71m) • WIDTH: 21.5" (55cm)
 WEIGHT: 38 lbs. (17kg) • COCKPIT: 29.5x17.75" (76x45cm)
 DECK HEIGHT: 9.5" (24cm) • MAXIMUM LOAD: 200 lbs. (91kg)

CAROLINA 16.0 FEATURES:

- Comfort Fit System™
- Molded-in Seat
- Camlok™ Adjustable Backrest

- Sliding Adjustable Keepers™ Footbraces
- Integrated Thighbraces
- Yakima® Rudder (optional)
- Airlite™ Hatch Covers with Neoprene Seals
- Bow and Stern Deck Rigging
- Water Bottle
- Start Right DVD

CAROLINA II 17.5

This one's built for two and built for all experience levels because of its advanced wide beam tandem design that provides complete stability. And with enormous storage capacity, everyone can pack enough for a long weekend.

LENGTH: 17'6" (5.33m) • WIDTH: 28.5" (72cm)
WEIGHT: 92 lbs. (42kg) • COCKPIT: 34x19" (86x48cm)
DECK HEIGHT (f/r): 12.5/13.25" (32/34cm)
MAXIMUM LOAD: 450 lbs. (204kg) • STORAGE CAPACITY: 11500in³ (188L)

CAROLINA 14.5 AIRALITE™ FEATURES:

- Comfort Fit System™
- Thermoformed Ergonomic Seat
- Ratchet Adjustable Backband
- Thermofoam Seat Pad
- Sliding Adjustable Keepers™ Footbraces
- Integrated Thighbraces
- Yakima® Rudder (optional)
- Flushmount Hatch Covers with Neoprene Seals
- Bow and Stern Deck Rigging
- Water Bottle
- Start Right DVD

CAROLINA II 17.5 FEATURES:

- Comfort Fit System™
- Thermoformed Ergonomic Seats
- Camlok™ Adjustable Backrests
- AirCore™ Lumbar and Thigh Support
- AirCore™ Seat Pad
- Sliding Adjustable Keepers™ Footbraces
- Yakima® Rudder
- Dual Density Hatch Covers
- Bow and Stern Deck Rigging
- Water Bottle
- Start Right DVD

SONOMA AIRALITE™

We don't like to leave anyone out. And that's especially true for those women and smaller-framed folks who love to paddle like the rest of us. So we designed this sleek and slender day touring boat with both those groups in mind. And with the addition of Airalite™, it's even easier to transport and cartop – plus the fact that it's less expensive than Kevlar™ (with many of the same benefits) doesn't seem to bother anyone, either.

SONOMA 13.5 Airalite™ ☀

LENGTH: 13'7" (4.14m) • WIDTH: 22.5" (57cm)
 WEIGHT: 41 lbs. (20kg) • COCKPIT: 33.25x18.75" (84x48cm)
 DECK HEIGHT: 12.5" (32cm) • MAXIMUM LOAD: 250 lbs. (113kg)
 STORAGE CAPACITY: 4700in³ (77L)

- Bow and Stern Deck Rigging
- Water Bottle
- Start Right DVD

ENDURO

This "can do" day touring boat can handle anything you come up against. So whitewater or flat water will never give you any worries. Just place your skeg in the flats and cruise like the big boats. Or raise it and the stable hull, short length, thighbraces and minicell support pillars will get you through the rough stuff. And speaking of versatility, the cockpit fits both touring and whitewater sprayskirts. With ample storage space, you can make a day-trip into an overnighter and keep your gear safe and dry with the Dual Density hatch cover all the while. So if you're looking for a go-with-the-any-kind-of-flow kind of boat, this one's for you.

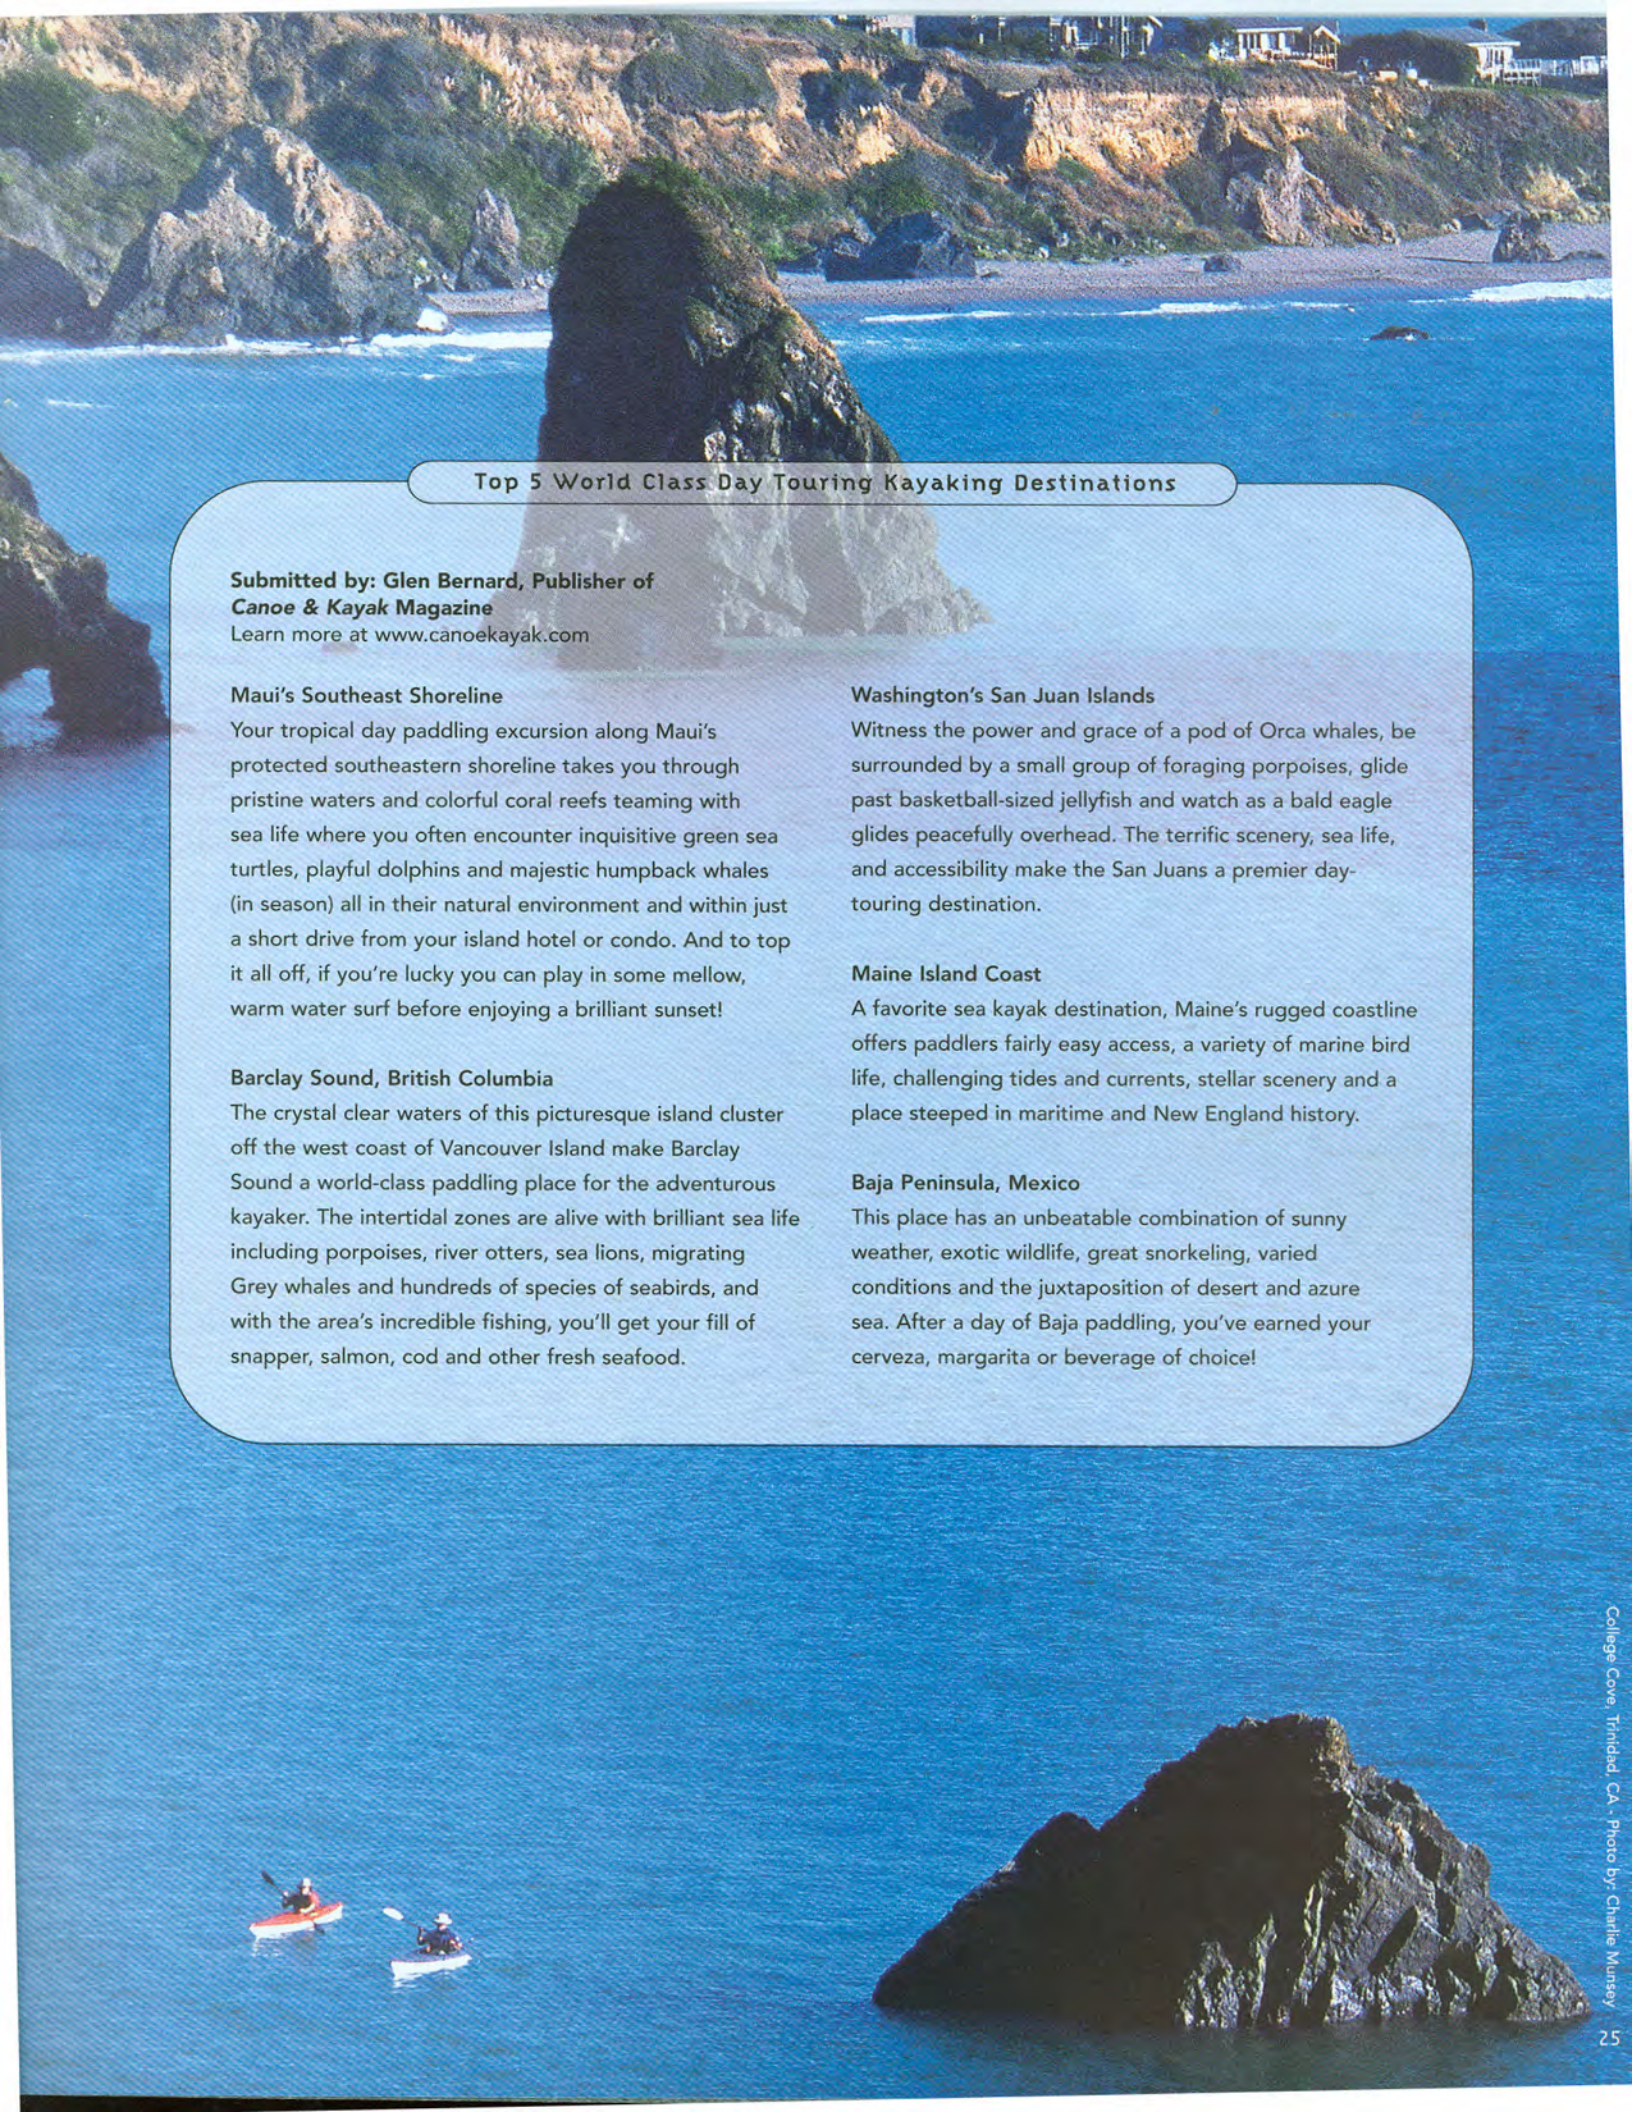

ENDURO 12.5 FEATURES:

- Comfort Fit System™
- Thermoformed Ergonomic Seat
- Standard Backband
- Sliding Adjustable Keepers™ Footbraces
- Interchangeable Thighbraces
- Retractable Skeg
- Dual Density Hatch Cover
- Bow Deck Rigging
- Water Bottle
- Start Right DVD

ENDURO 12.5

LENGTH: 12'9" (3.89m) • WIDTH: 25" (63.5cm)
 WEIGHT: 51 lbs. (23kg) • COCKPIT: 34x19" (86x48cm)
 DECK HEIGHT: 13" (33cm) • MAXIMUM LOAD: 260 lbs. (118kg)
 STORAGE CAPACITY: 4700in³ (77L)

Top 5 World Class Day Touring Kayaking Destinations

Canoe & Kayak Magazine**

Learn more at www.canoekayak.com

Maui's Southeast Shoreline

Your tropical day paddling excursion along Maui's protected southeastern shoreline takes you through pristine waters and colorful coral reefs teeming with sea life where you often encounter inquisitive green sea turtles, playful dolphins and majestic humpback whales (in season) all in their natural environment and within just a short drive from your island hotel or condo. And to top it all off, if you're lucky you can play in some mellow, warm water surf before enjoying a brilliant sunset!

Barclay Sound, British Columbia

The crystal clear waters of this picturesque island cluster off the west coast of Vancouver Island make Barclay Sound a world-class paddling place for the adventurous kayaker. The intertidal zones are alive with brilliant sea life including porpoises, river otters, sea lions, migrating Grey whales and hundreds of species of seabirds, and with the area's incredible fishing, you'll get your fill of snapper, salmon, cod and other fresh seafood.

Washington's San Juan Islands

Witness the power and grace of a pod of Orca whales, be surrounded by a small group of foraging porpoises, glide past basketball-sized jellyfish and watch as a bald eagle glides peacefully overhead. The terrific scenery, sea life, and accessibility make the San Juans a premier day-touring destination.

Maine Island Coast

A favorite sea kayak destination, Maine's rugged coastline offers paddlers fairly easy access, a variety of marine bird life, challenging tides and currents, stellar scenery and a place steeped in maritime and New England history.

Baja Peninsula, Mexico

This place has an unbeatable combination of sunny weather, exotic wildlife, great snorkeling, varied conditions and the juxtaposition of desert and azure sea. After a day of Baja paddling, you've earned your cerveza, margarita or beverage of choice!

RECREATIONAL KAYAK SERIES

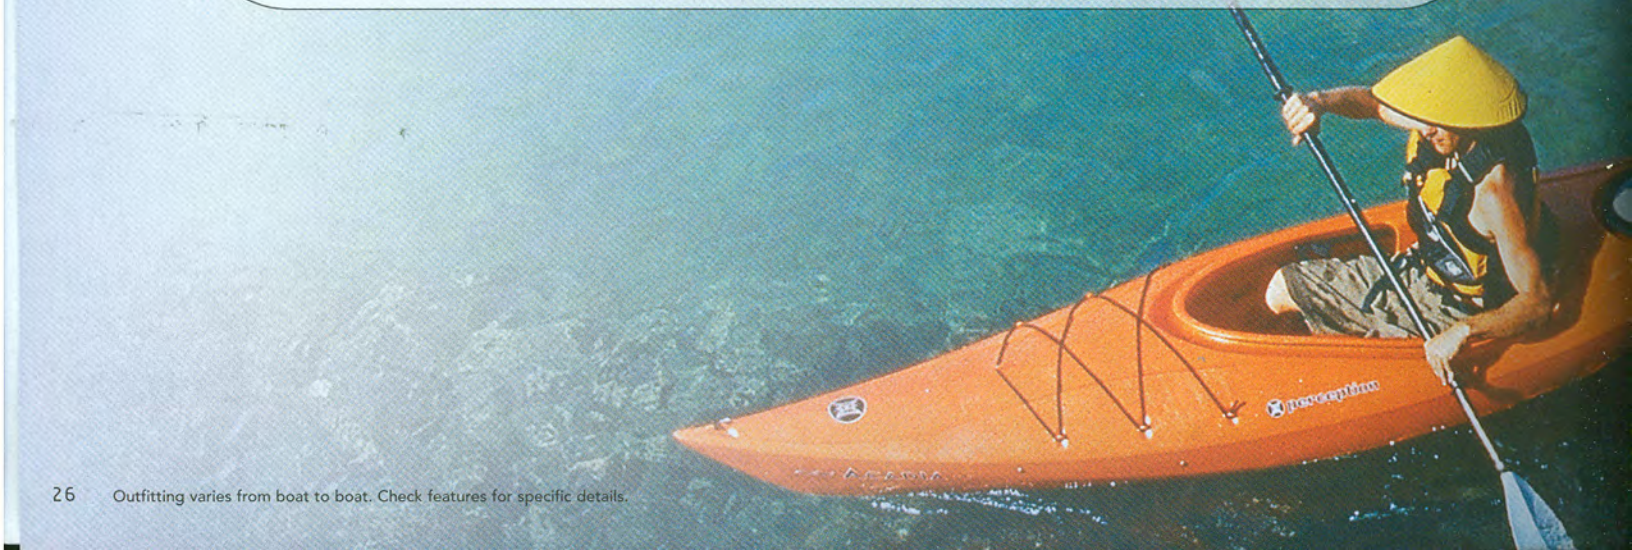

PACK UP THE PICNIC BASKET, THE GEAR AND DON'T FORGET THE FAMILY.

Perfect for lakes, ponds and slow moving rivers, our line of recreational boats was designed with even the little ones and man's best friend in mind.

And since we know that the most important baggage you could ever carry are those particular things, we absolutely obsess over the details in all our boats, including these. Stable, maneuverable and always reliable, you can have the confidence to explore the day away and create long-lasting memories with friends and family all at once. To make sure the only thing you have to worry about is

taking along the sunscreen, we've upgraded such Recreational Comfort Fit System™ features

as the AirCore™ lumbar support and a completely new seatback so you can glide along your favorite body of water in secure comfort. It's no wonder that the recreational kayak category is so popular. With the versatility these boats provide, you can put in to so many types of water that you'll never run out of options. So start at the nearest lake and go from there. We'll be happy to fill you in on the best kept secrets.

Dual Density Hatch Cover

There are two sides to the perfect hatch. First you have to have a flexible, yet grippy, outer ring for easy access. Second, you need it to be durable and stiff in the center for maximum protection of your gear. Put them together and you have the next generation in hatch covers.

Molded-in Seat with Thermofoam Padding

For added comfort and durability, we molded the seat as a structural part of the boat. This makes it one-third lighter than separately mounted seats and eliminates mounting hardware. Thermofoam padding provides added comfort and support in all the right places.

Ergonomic Grab Handles

We know your boat is no good to you unless it's easy to get to and from the water. So we designed comfortable, strong grab handles that are easy on your hands. It's the next best thing to us actually being there to help you carry your boat.

DVD

Start Right DVD Video With Every Boat

All kayaks come with the new Start Right DVD with useful tips on safety, outfitting and paddling.

Yakima® Retractable Rudder

When the wind or a crosscurrent becomes too much to handle, drop your newly designed rudder for better directional control. Ours is foil-shaped (so it's not a hindrance in crosswinds) and thermoplastic for lightweight strength.

Recreational AirCore™

Find the comfort that suits you best with self-inflatable lumbar support. Just squeeze the valve to inflate and deflate for your specific needs. The addition of memory foam enhances the customization of your particular boat.

Camlok™ Adjustable Hi-Back Backrest

A backrest that's covered in sculpted Thermofoam provides supportive comfort that's only enhanced by an easily adjustable fore-mounted Camlok™ buckle.

AMERICA SERIES

If you're thinking about dipping your toe into the kayak world, then these two boats were made for you. Perfect for the entry-level paddler, the America series lets you learn the basics and adds confidence to your abilities. These simple but elegant boats are designed with oversized cockpits and seats that allow you to enter and exit your boat with ease, and also make them extremely popular with sportsmen and photographers who like to have quick access to bulky gear. A Dual Density cargo hatch protects your stuff in case you want to go farther than a day can take you, and the Comfort Fit System™ will make sure your trip is a good one. So if you're looking for a classic rec boat to start out your kayaking adventures, look no further!

AMERICA 13.5

Built with the same stability and maneuverability as its "little brother," the 13.5 is also designed for paddlers of all sizes who want to have a great day out on the lake, pond, or that nearby calm river. It's also stable and has great straight-line tracking, plus the 13.5 is a bit faster than the 11.0.

LENGTH: 13'3" (4.04m) • WIDTH: 26.75" (68cm)
 WEIGHT: 58 lbs. (26kg) • COCKPIT: 47x21" (119x53cm)
 DECK HEIGHT: 12.5" (32cm) • MAXIMUM LOAD: 450 lbs. (204kg)
 STORAGE CAPACITY: 4750in³ (78L)

AMERICA 13.5 FEATURES:

- Comfort Fit System™
- Molded-in Seat
- Camlok™ Hi-Back Backrest
- Thermofoam Seat Pad
- Sliding Adjustable Keepers™ Footbraces
- Dual Density Hatch Cover
- Bow and Stern Deck Rigging
- Water Bottle
- Start Right DVD

AMERICA 11.0

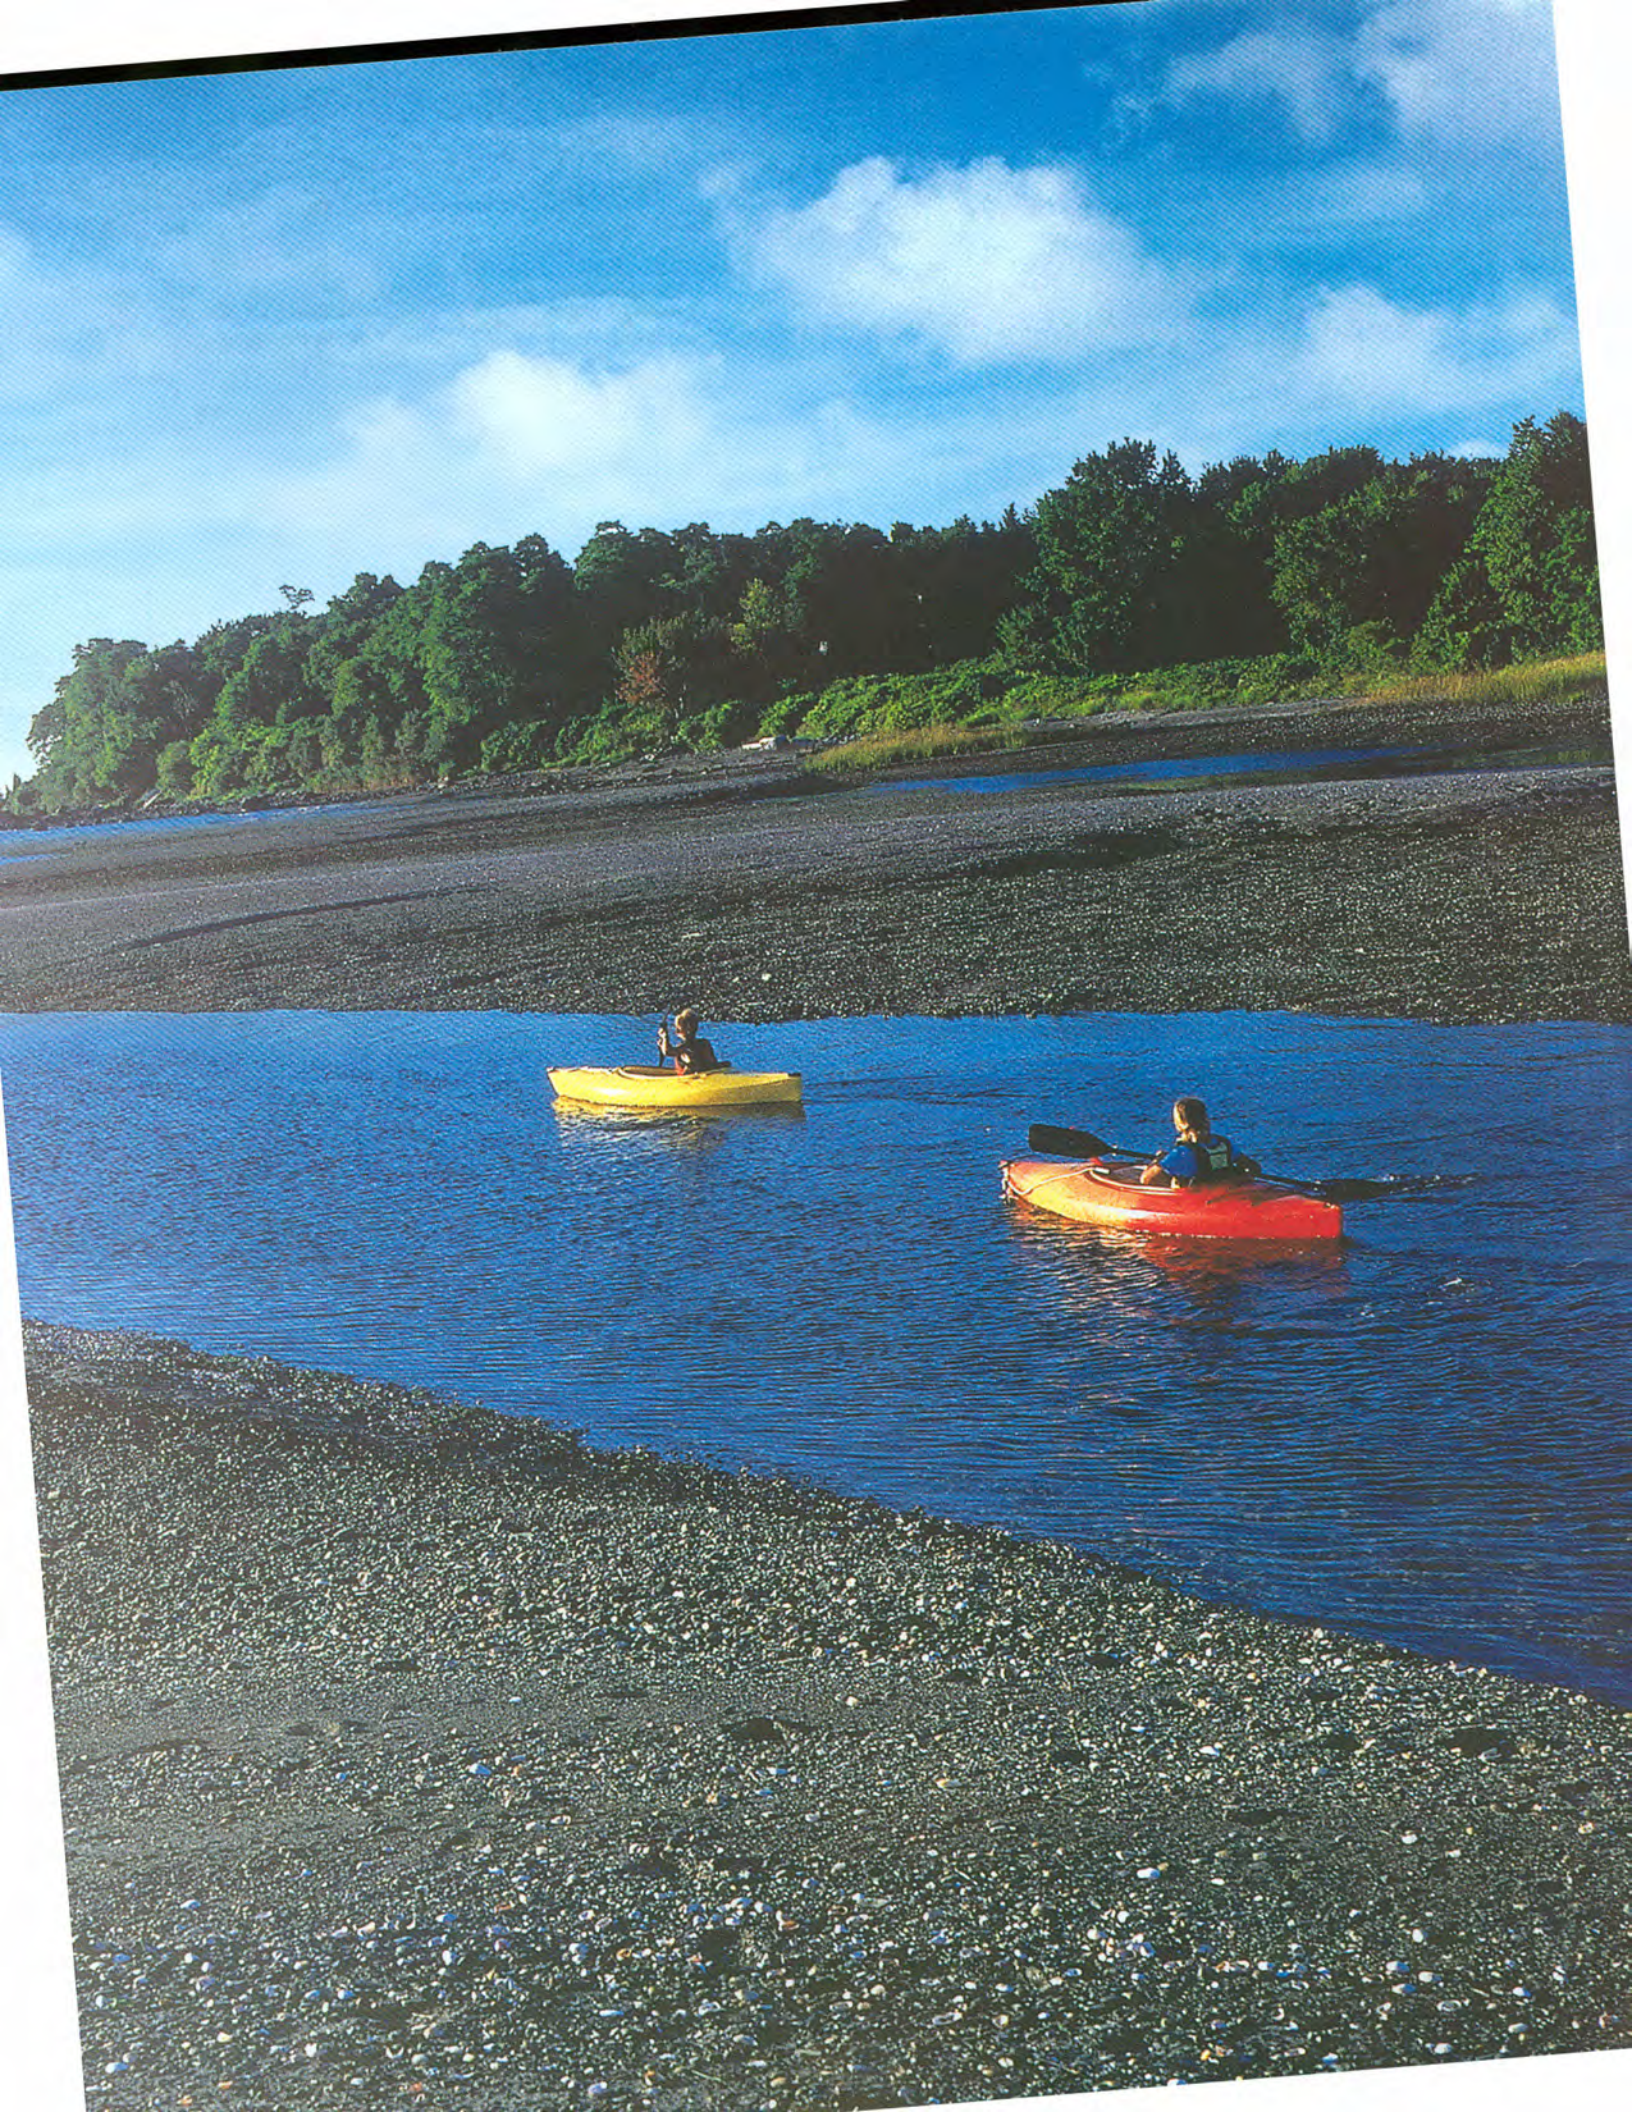

Stable and easy to maneuver, the 11.0 was made for all sizes. And with its impressive ease of use, you'll be sure to enjoy your first strokes, and all that come after, on that favorite pond or lake.

LENGTH: 11'1" (3.38m) • WIDTH: 28.25" (72cm)
 WEIGHT: 46 lbs. (21kg) • COCKPIT: 47x21" (119x53cm)
 DECK HEIGHT: 13.5" (34cm) • MAXIMUM LOAD: 450 lbs. (204kg)
 STORAGE CAPACITY: 3125in³ (51L)

AMERICA 11.0 FEATURES:

- Comfort Fit System™
- Molded-in Seat
- Camlok™ Hi-Back Backrest
- Thermofoam Seat Pad
- Sliding Adjustable Keepers™ Footbraces
- Dual Density Hatch Cover
- Stern Deck Rigging
- Water Bottle
- Start Right DVD

SUNDANCE SERIES

The rec kayaking world has always held a special place in its heart for the Sundance series. The technology and innovation that we put into them constantly vault them to the top of their category. And whether you're a beginner or a paddling veteran, these boats are made for several types of water and are comfortable to boot. Take the roomy cockpits and added knee-room that just perpetuate that already stable design. And the upgraded Comfort Fit System™ make the Sundance boats something that our competition constantly has their eye on. Take one for a spin and you'll see why.

SUNDANCE 12.0

Just for you outdoorsmen, this one comes in an optional camouflage pattern. In addition, with its speed and dead-on tracking, plus a roomy cockpit and cavernous dry storage compartment, it doesn't get much better than this.

LENGTH: 12'2" (3.71m) • WIDTH: 27.5" (70cm)
 WEIGHT: 52 lbs. (24kg) • COCKPIT: 56x22" (142x56cm)
 DECK HEIGHT: 12" (30cm) • MAXIMUM LOAD: 400 lbs. (181kg)
 STORAGE CAPACITY: 4460in³ (73L)

SUNDANCE 9.5

This one's a blast to paddle – plain and simple. The smallest and most agile of the family, the 9.5 will give first time paddlers confidence with its light and stable design. Perfect for a day on your favorite calm lake or pond.

LENGTH: 9'5" (2.87m) • WIDTH: 29" (74cm)
 WEIGHT: 40 lbs. (18kg) • COCKPIT: 42.25x22" (107x56cm)
 DECK HEIGHT: 12.5" (32cm) • MAXIMUM LOAD: 350 lbs. (159kg)

SUNDANCE II 15.0

Share a day of paddling with a friend or family member! That's right – go together and have a comfortable day with a large cockpit and equally large seats with plenty of space for gear. But if you'd like to make it a solo trip, the bow seat slides back to the middle of the boat. Or if you want to bring the whole family, pop in the removable kid's seat. The standard Yakima® rudder can make the paddling life even simpler.

LENGTH: 15'4" (4.67m) • WIDTH: 29" (74cm)
 WEIGHT: 73 lbs. (33kg) • COCKPIT: 92x19.75" (234x50cm)
 DECK HEIGHT: 12.75" (32cm) • MAXIMUM LOAD: 500 lbs. (227kg)

SUNDANCE 12.0 Airlite™

Airlite™ and Sundance. In other words, a great rec kayak made with lighter materials than plastic but ones less expensive than composite boats. Read all about it on page 6.

LENGTH: 12'3" (3.73m) • WIDTH: 29" (74cm)
 WEIGHT: 44 lbs. (13kg) • COCKPIT: 54x21.5" (137x55cm)
 DECK HEIGHT: 12.75" (32cm) • MAXIMUM LOAD: 400 lbs. (181kg)
 STORAGE CAPACITY: 4460in³ (73L)

SUNDANCE 12.0 FEATURES:

- Comfort Fit System™
- Molded-in Seat
- Camlok™ Hi-Back Backrest
- AirCore™ Lumbar Support
- Thermofoam Seat Pad
- Sliding Adjustable Keepers™
- Footbraces
- Dual Density Hatch Cover
- Bow Deck Rigging
- Water Bottle
- Start Right DVD

SUNDANCE II 15.0 FEATURES:

- Comfort Fit System™

ACADIA SERIES

Say goodbye to that old rec kayak bulkiness. This popular series of boats offers a full range of options and each has its own set of highlights. But all share a lean and slender design for speed and tracking, plus a stable, lightweight hull that make them easy to paddle and easy to cartop. The Comfort Fit System™ makes sure any journey is a pleasant one, no matter what body of water you're out enjoying. There's an Acadia waiting with your name on it, so keep reading and find the perfect one for your needs.

ACADIA 12.5

Versatile enough for Class II rivers and crystal smooth lakes, the 12.5 has excellent tracking capabilities. If you want to try an overnight trip, there's an ideal oversized rear hatch. Be sure not to overlook the paddle float rigging that helps facilitate re-entry into the boat with a paddle...just in case.

LENGTH: 12'4" (3.76m) • WIDTH: 26.75" (68cm)
 WEIGHT: 54 lbs. (24kg) • COCKPIT: 34.5x22.25" (88x57cm)
 DECK HEIGHT: 13.5" (34cm) • MAXIMUM LOAD: 400 lbs. (181kg)
 STORAGE CAPACITY: 4450in³ (73L)

NEW ACADIA 11.5 ☀

A phenomenal day-tripper with exceptional maneuverability, the 11.5 is well-loved and well-paddled. And with a small size and light weight, it's easy to cartop and transport to your favorite water.

LENGTH: 11'3" (3.43m) • WIDTH: 31.25" (76cm)
 WEIGHT: 50 lbs. (22kg) • COCKPIT: 38x21" (96x53cm)
 DECK HEIGHT: 13.5" (34cm) • MAXIMUM LOAD: 365 lbs. (168kg)
 STORAGE CAPACITY: 4150in³ (66L)

ACADIA II 14.0

If you like to paddle with a buddy, then check out the Acadia II. But if you'd like to take your two-seater out for a solo paddle, there's an adjustable bow seat for just such a thing. Plus, this boat is so stable that you can bring the kids – or even Fido – along and never have to worry about getting wet. There's even a removable kid's seat.

LENGTH: 14'3" (4.34m) • WIDTH: 33.25" (84cm)
 WEIGHT: 82 lbs. (37kg) • COCKPIT: 86.75x24.5" (220x62cm)
 DECK HEIGHT: 13.75" (35cm) • MAXIMUM LOAD: 650 lbs. (295kg)
 STORAGE CAPACITY: 5500in³ (90L)

- ACADIA 12.5 FEATURES:**
- Comfort Fit System™
 - Molded-in Seat

☀ Ideal for women and smaller-framed paddlers. Smaller, lighter and designed to fit.

Hawknest Bay, St. John, US Virgin Islands - Photo by Charlie Munsey

SONOMA AIRALITE™

Once you start to paddle the Sonoma, it'll be hard to stop. Made with Airalite™, its short length and light weight make it easy to maneuver, but you'll find that stability is never sacrificed in the process. The list of features is a long one, including a thermoformed seat, Keepers™ footbraces, Thermofoam seat pads and a water bottle. Do yourself a favor and take the Sonoma out for a spin.

SONOMA 10.0 Airalite™ ☀

LENGTH: 9'11" (3.01m) • WIDTH: 26.25" (67cm)
 WEIGHT: 35 lbs. (16kg) • COCKPIT: 38x21" (95x53cm)
 DECK HEIGHT: 12.25" (31cm) • MAXIMUM LOAD: 400 lbs. (181kg)

SONOMA 10.0 AIRALITE™ FEATURES:

- Comfort Fit System™
- Thermoformed Seat
- Ratchet Adjustable Backrest
- Thermofoam Seat Pad
- Sliding Adjustable Keepers™ Footbraces
- Bow and Stern Deck Rigging
- Water Bottle
- Start Right DVD

SWIFTLY

The most popular rec kayak we've ever made, the Swiftly is stable and easy to paddle with built-in flotation. Ease on into the cockpit and have at it on ponds, lakes and mild rivers. The maneuverability will impress you, and the dual tracking channels will make sure you move straight and fast. A Comfort Fit System™ provides a pleasurable day on the water with a Hi-Back backrest with seat pad and Keepers™ footbraces. Trimmings include a drain plug, bow and stern grab handles and stern deck rigging.

SWIFTLY 9.5

LENGTH: 9'5" (2.87m) • WIDTH: 29" (74cm)
 WEIGHT: 39 lbs. (18kg) • COCKPIT: 42.25x22" (107x56cm)

- Thermofoam Seat Pad
- Sliding Adjustable Keepers™ Footbraces
- Stern Deck Rigging
- Water Bottle
- Start Right DVD

☀ Ideal for women and smaller-framed paddlers. Smaller, lighter and designed to fit.

Top 5 World Class Recreational Kayaking Destinations

Submitted by: Perception Associates

Moraine Lake, Banff National Park, Canada

Encircled by mountains, this scene is familiar to many from the back of the Canadian \$20 bill. The Great Divide runs across the tops of the jagged peaks behind the lake. Beautiful snow-capped Rockies await the paddler who ventures north with serene waters and abundant nature watching.

Lake Mead, Arizona

Lake Mead offers a wealth of places to explore. Its huge lakes cater to boaters, swimmers, sunbathers and fishermen while its desert rewards hikers, wildlife photographers and roadside sightseers. Three of America's four desert ecosystems – the Mojave, the Great Basin and the Sonoran Deserts – meet at Lake Mead.

The Ocho Rios Coastline, Jamaica

Calm winds and beautiful, crystal waters provide any beginner or advanced paddler with great memories of a picturesque trip. There are numerous inlets and coves to explore and friendly smiles and great food to enjoy after sunset.

Lake Atitlan, Guatemala

Surrounded by three volcanoes and famous for its spectacular sunsets, you'll want to be sure and explore one or more of the 13 multi-colored Indian settlements found on the lake shore. The people and atmosphere provide an ambience that's sure to make for a trip of a lifetime.

Lake Jocassee, South Carolina

Lake Jocassee consists of 7,656 acres and was created by damming the tributaries of the Keowee River. Since its waters come directly from cold, clear, protected Appalachian streams, the lake remains cold and clear throughout the year. It is an excellent area for scuba diving, swimming and paddling.

SIT-ON-TOP KAYAK SERIES

WHAT IS YOUR DEFINITION OF THE PERFECT DAY?

Hooking into that prized fish? Seeing something new 45 feet below the surface? Or 45 feet above

the surface? Whatever your favorite pursuit, be it fishing, SCUBA diving, bird watching or just cruising around the island, we have a sit-on-top for you. Versatile, stable and ready to be loaded down with your gear,

they provide a sense of freedom that's just plain different from other boats. 2005 brings with it an exciting new fishing sit-on-top, the Caster. It's got all the bells and whistles for the fisherman who likes to

bring along all the bells and whistles (you know who you are). In other words, it's got enough gadgets

to keep any avid fisherman grinning.

And all of our sit-on-tops come with the piece of mind that you have come to know and trust with the

Perception® name. The perfect day is out there, waiting to be discovered. If it

takes you more than a couple of tries to find it, then you've lost nothing and gained more days out on the big blue, doing exactly what feeds your mind and soul. We don't think that's a bad thing, either.

Rounded Edges

Our sit-on-tops feature smooth, rounded edges that make it easy to change your seating position if you're fishing and make sliding on and climbing off your boat pain-free.

Deck Hatch with Mesh Bag

The perfect place to keep the essentials: sun block, energy bars, keys, etc. An easy-open cover and an internal mesh bag make sure that your things are right where you want them, right when you need them.

Dual Density Hatch Cover

A flexible, grippy outer ring provides easy access to your gear while a durable, stiff center gives you maximum protection. No fuss and a lot of security make for the perfect hatch cover.

Yakima® Retractable Rudder

Strong crosscurrents and crosswinds can turn a short jaunt into an epic journey. So here's a lightweight, durable rudder that can help. Made out of thermoplastic, the foil shape makes for low drag and is cam-actuated for easy deployment and retraction.

Grab Handles

It's bad enough that you're carrying your boat instead of paddling it, so we engineered our grab handles to make such an affair as comfortable as possible.

Keepers™ Footbraces

Footbraces that feature great support, easy adjustability and contoured footpads make for outstanding barefoot comfort.

Yakima® Rudder

This newly designed lightweight, durable rudder is made out of thermoplastic. The sleek foil shape makes for low drag and is cam-actuated for easy deployment and retraction that won't spook the fish.

Stern Fishing Well

For the fisherman who likes to have a choice in the matter, we designed a fishing well that can be used to hold your bait bucket, but is also the perfect size to securely hold a milk crate full of gear that's sure to bring home a big catch.

Anchor Attachment Point

For your after market anchor, we designed a sturdy, flat surface that's a perfect attachment point. So when you get to that perfect fishing spot, you can stay in that perfect fishing spot.

Backrest and Thighbrace Attachment Points

We designed these attachment points so they are ideally positioned for the easy addition of a backrest and thighbraces that only enhance comfort for those day-long fishing trips.

THE MOST EVOLVED, PUREST FIS

Yes, it's a bold statement, but a true one. We spent months talking with hundreds of fisherman and integrated their suggestions into this phenomenal fishing machine. Like the quiet hull design, or the deck eye that allows you to attach your boat to your belt while you stand in the shallow water. Even the seating area was designed so you can easily change

Multiple Accessory Attachment Points

It's a basic fact that fisherman like to have all their bases covered. So we created standard sized attachment points to fit most Harmony® and other brand name accessories, including single and multiple rod holders and anchors.

Reinforced Foot Well

Yes, it's where you put your feet. But it's so much more. Taking our cue from the avid fishermen out there, we designed this foot well so you can have extra stability while reeling in that catch of the day. In fact, your boat will be stable no matter what position you're in.

Grab Handles

Made of durable, comfortable rubber, these grab handles serve many purposes – the most obvious being carrying your boat. But when you're in the water, you can also use them to secure your paddle when it's not being used, set your rod in them, or fold them away completely.

Dual Density Bow Hatch Cover

Made to hold your larger gear, the outer ring is flexible and grippy for easy access. The center, however, is durable and stiff for maximum protection of your fishing gear – which will always stay safe and dry.

ING SIT-ON-TOP ON THE MARKET.

seating positions. With all the attention to detail, the feature that we're most proud of is the Caster's stability. Now

we're not saying that you should stand in your boat, but let's just say this sit-on-top's stability is unmatched. The buzz

around this boat has been growing for some time. Take it for a ride to your favorite fishing hole and you'll see why.

FISHING-SIT-ON

CASTER SERIES

Introducing the fastest, most stable and lightest fishing boats ever released on the market in the 12-foot range. The Casters are made specifically for the serious fisherman who wants to get to those hard-to-reach places quickly, easily and with all his or her gear. With the room and design to customize your rig with an array of after-market accessories for your specific needs, you can fish with multiple rods and have no problem getting to the stern to grab something from your bait bucket, crates or tackle boxes due to a multi-direction seating area. The Caster also has a reinforced foot well that provides piece of mind and an extremely stable base so you can spend all day hauling in the big ones. Sit-on-top fishing boats just reached an entirely new level, and we're proud to lead the way once again.

CASTER 12.5

Get everything a fisherman could dream of, plus a dry bow storage hatch area and an optional thermoplastic rudder. With rock-solid maneuverability and stability, you'll never have to worry about wobbling while you reel in that monster of a fish.
