RIGID SUP

KRAKEN

Whether you're catching small-to-medium ocean waves or just cruising around your local waterways, the Kraken rigid SUP is an excellent option for all-around water activities. The board is set up with a single, tri-fin or quad-fin option, allowing the rider a choice between a center only fin for cruising or adding side bite fins to enhance the surfing experience.

VERSA

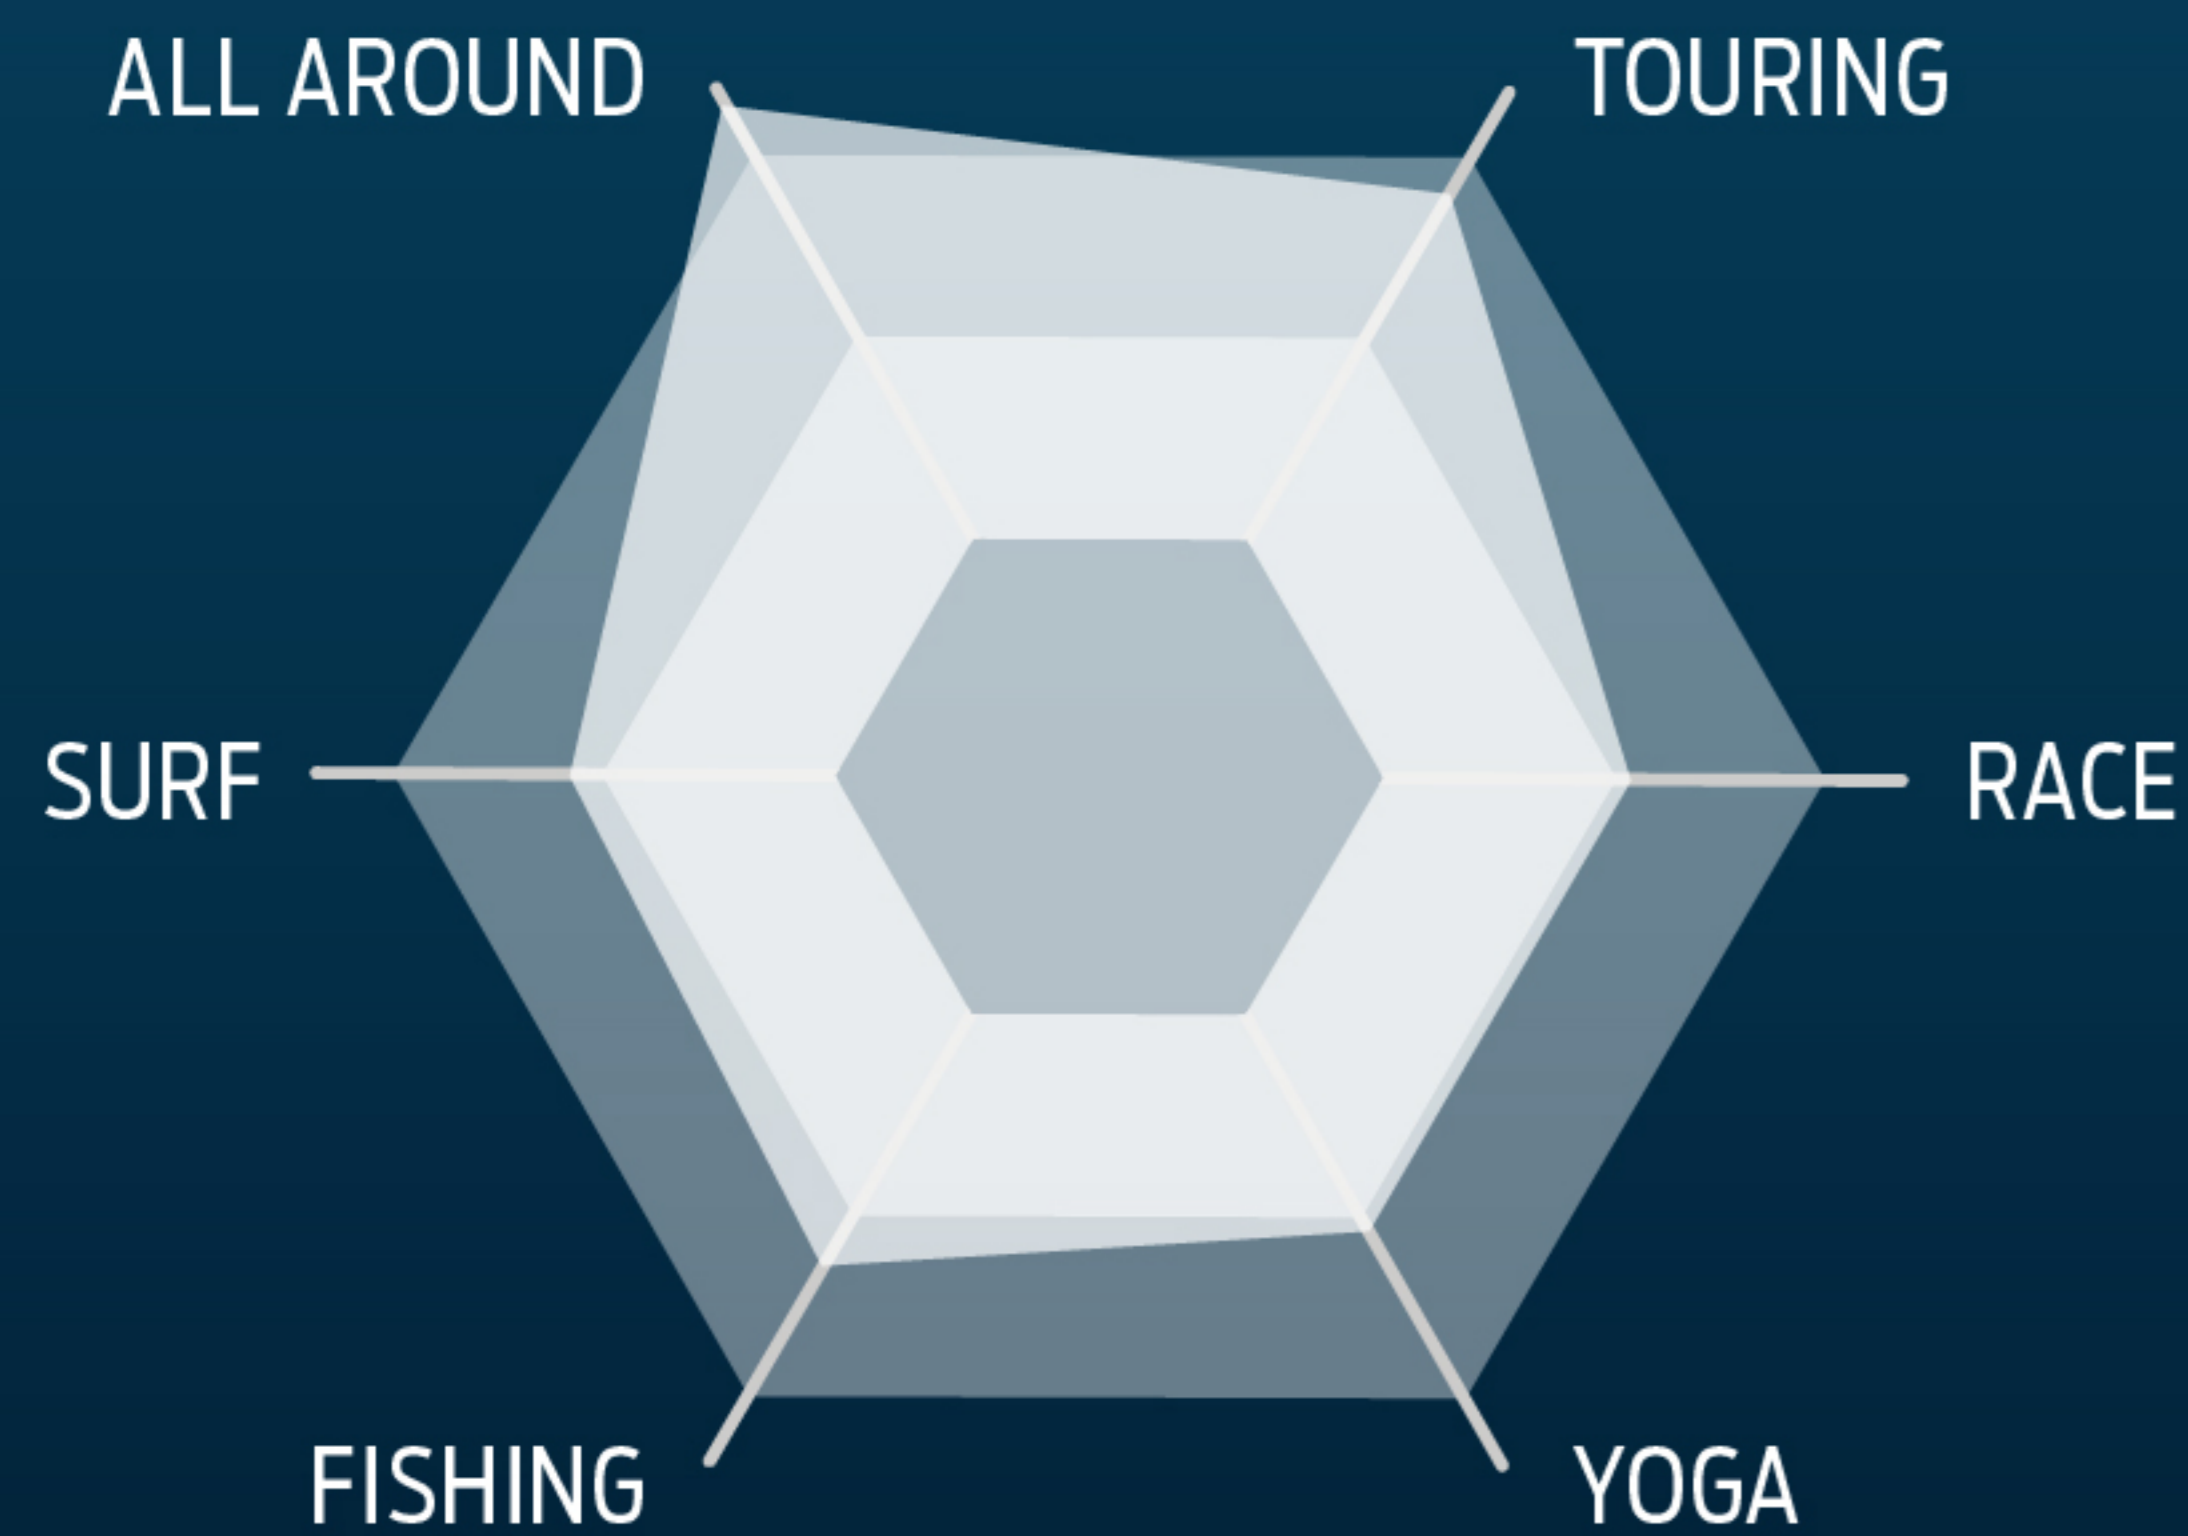

Don't let the Versa's beauty fool you – beneath the bamboo grain print is a great all-around touring paddleboard constructed with Bombshell technology in a compact and manageable package. As if looks and strength weren't enough, the Versa is super stable. Its keeled nose cuts smoothly through the chop while the flat sections under the tail and standing area help with a fluid and stable ride.

GREAT BEAR

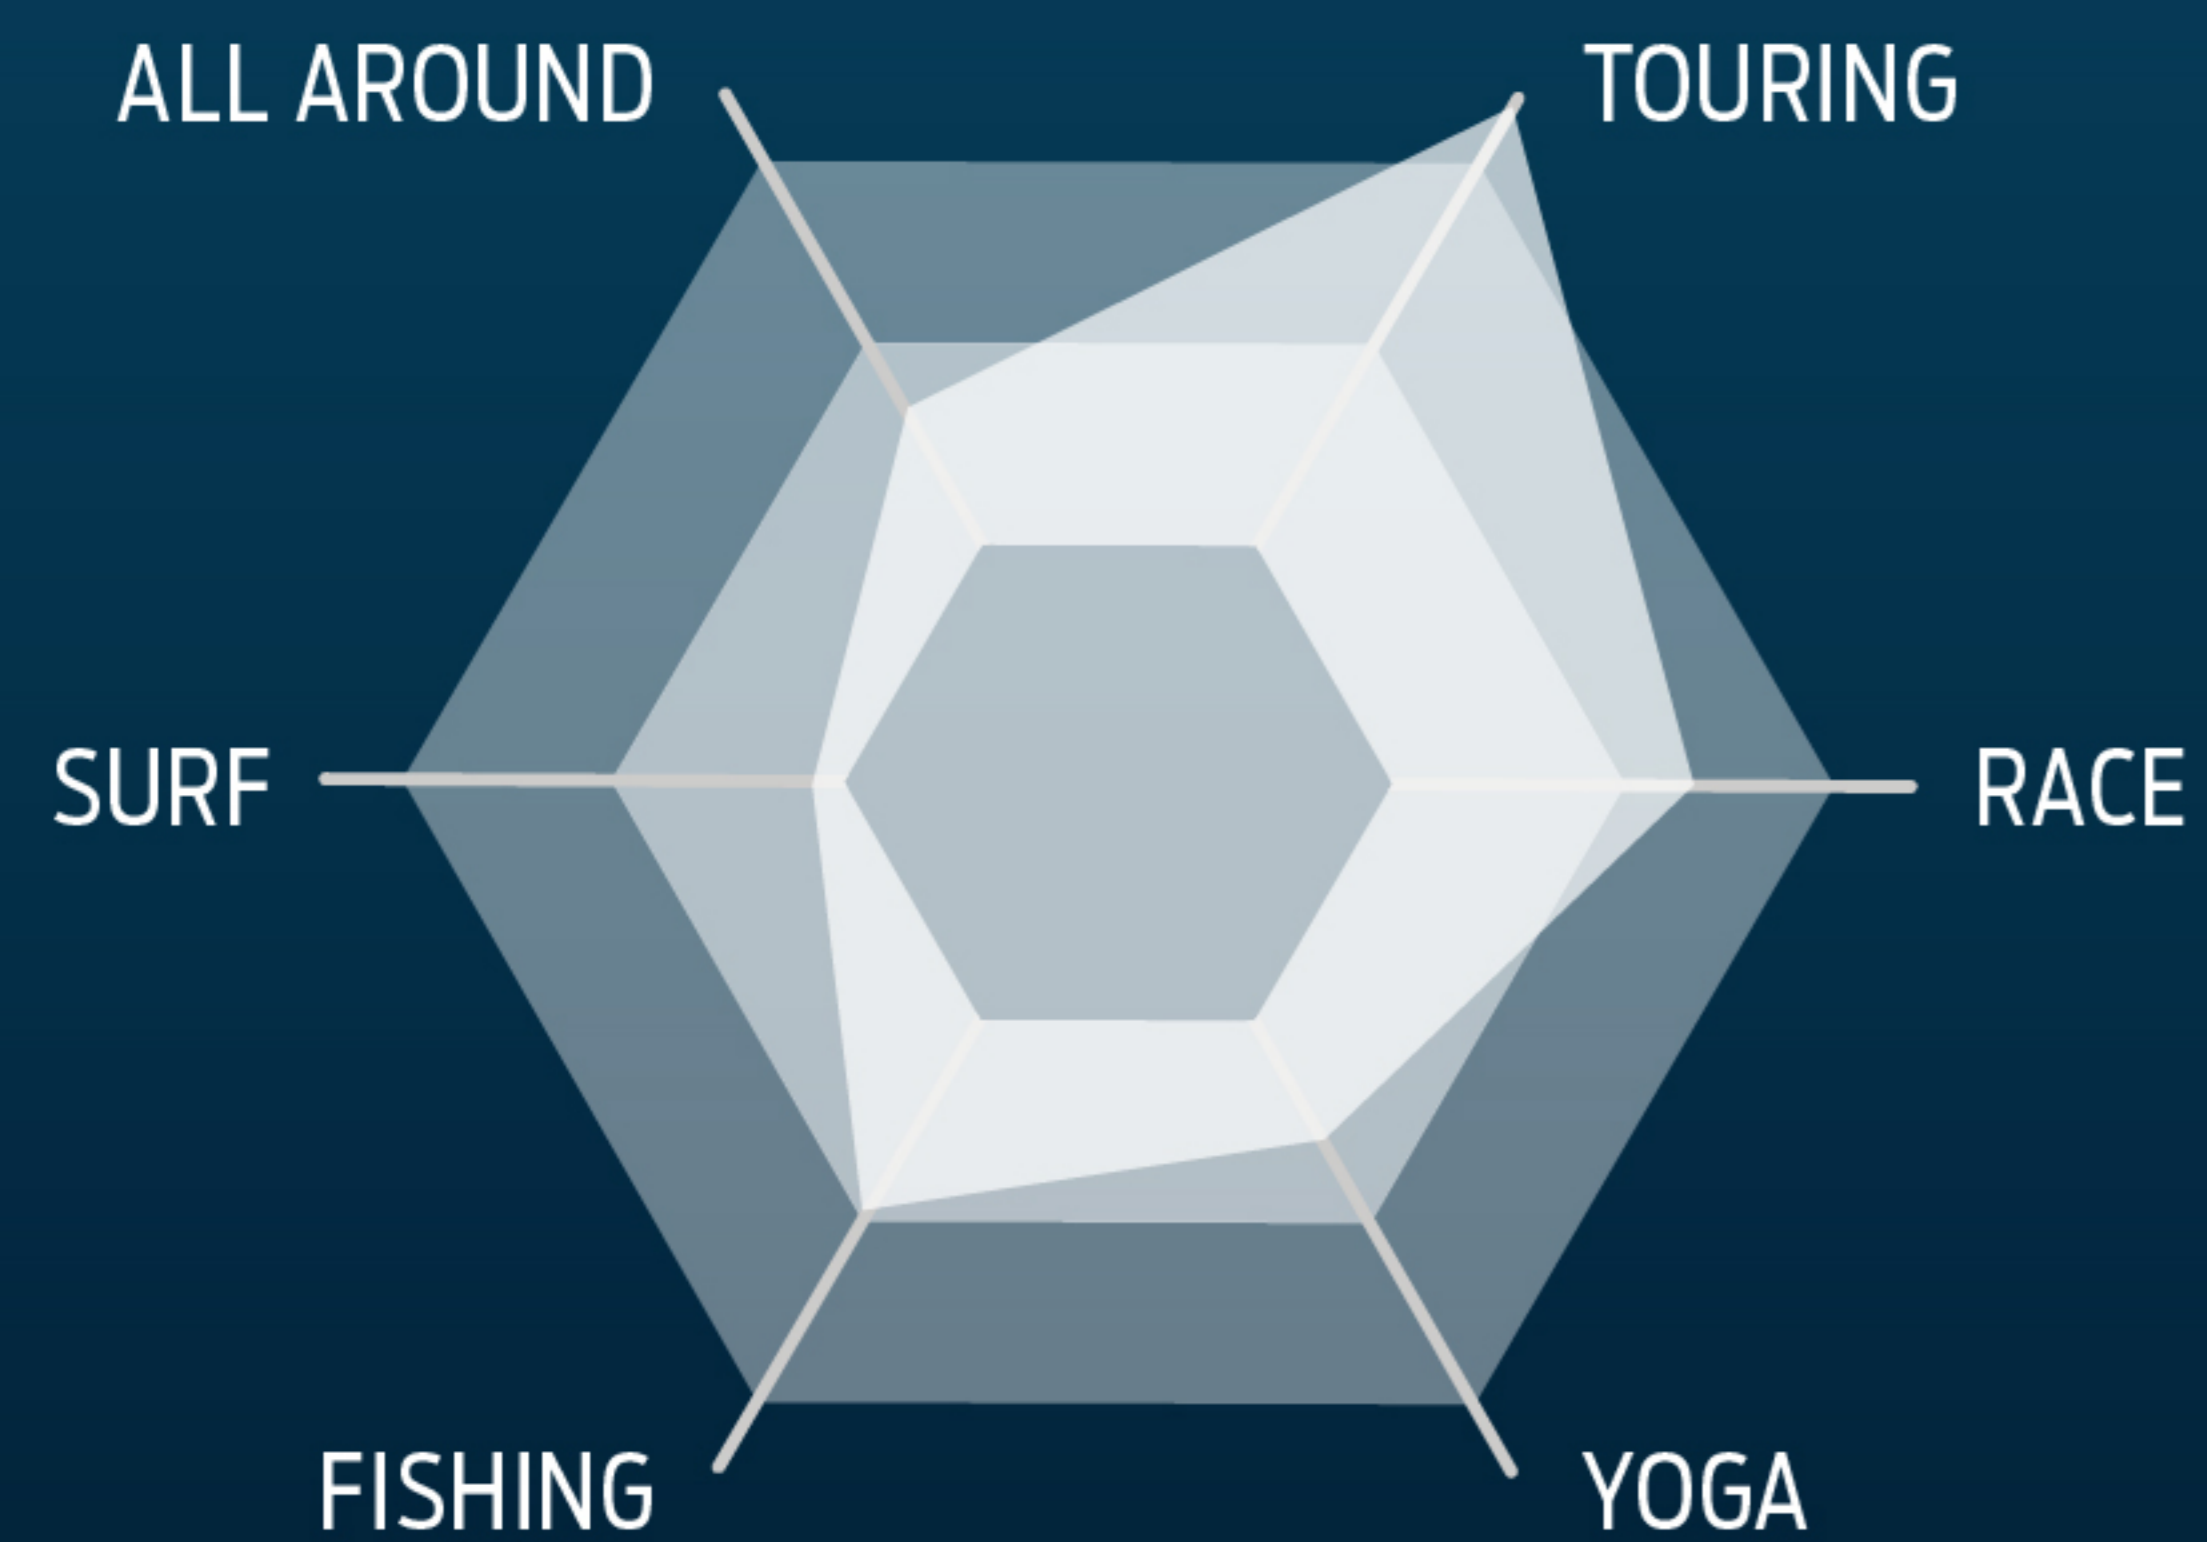

The Great Bear is the ultimate touring and expedition paddleboard, created for long or middle distance paddles in calm or open water conditions, and works equally well in flat water or through heavy chop and wind. The revolutionary bow and hull shape creates glide and tracking that performs better than any SUP board in this category. At 29" wide, the Great Bear creates a fast yet stable platform giving you confidence under load.

Specifications

| | |
|--------------|---------|
| LENGTH | 14' 0" |
| WIDTH | 29" |
| THICKNESS | 7 1/2" |

- Lightweight & Durable EPX-V Construction
- Nose Inserts with Bungee
- Lockable Ergonomic Carry Handle
- Ultra Comfortable Honey Comb Deck Pad
- Tail Inserts with Bungee
- Single Fin

RAVEN

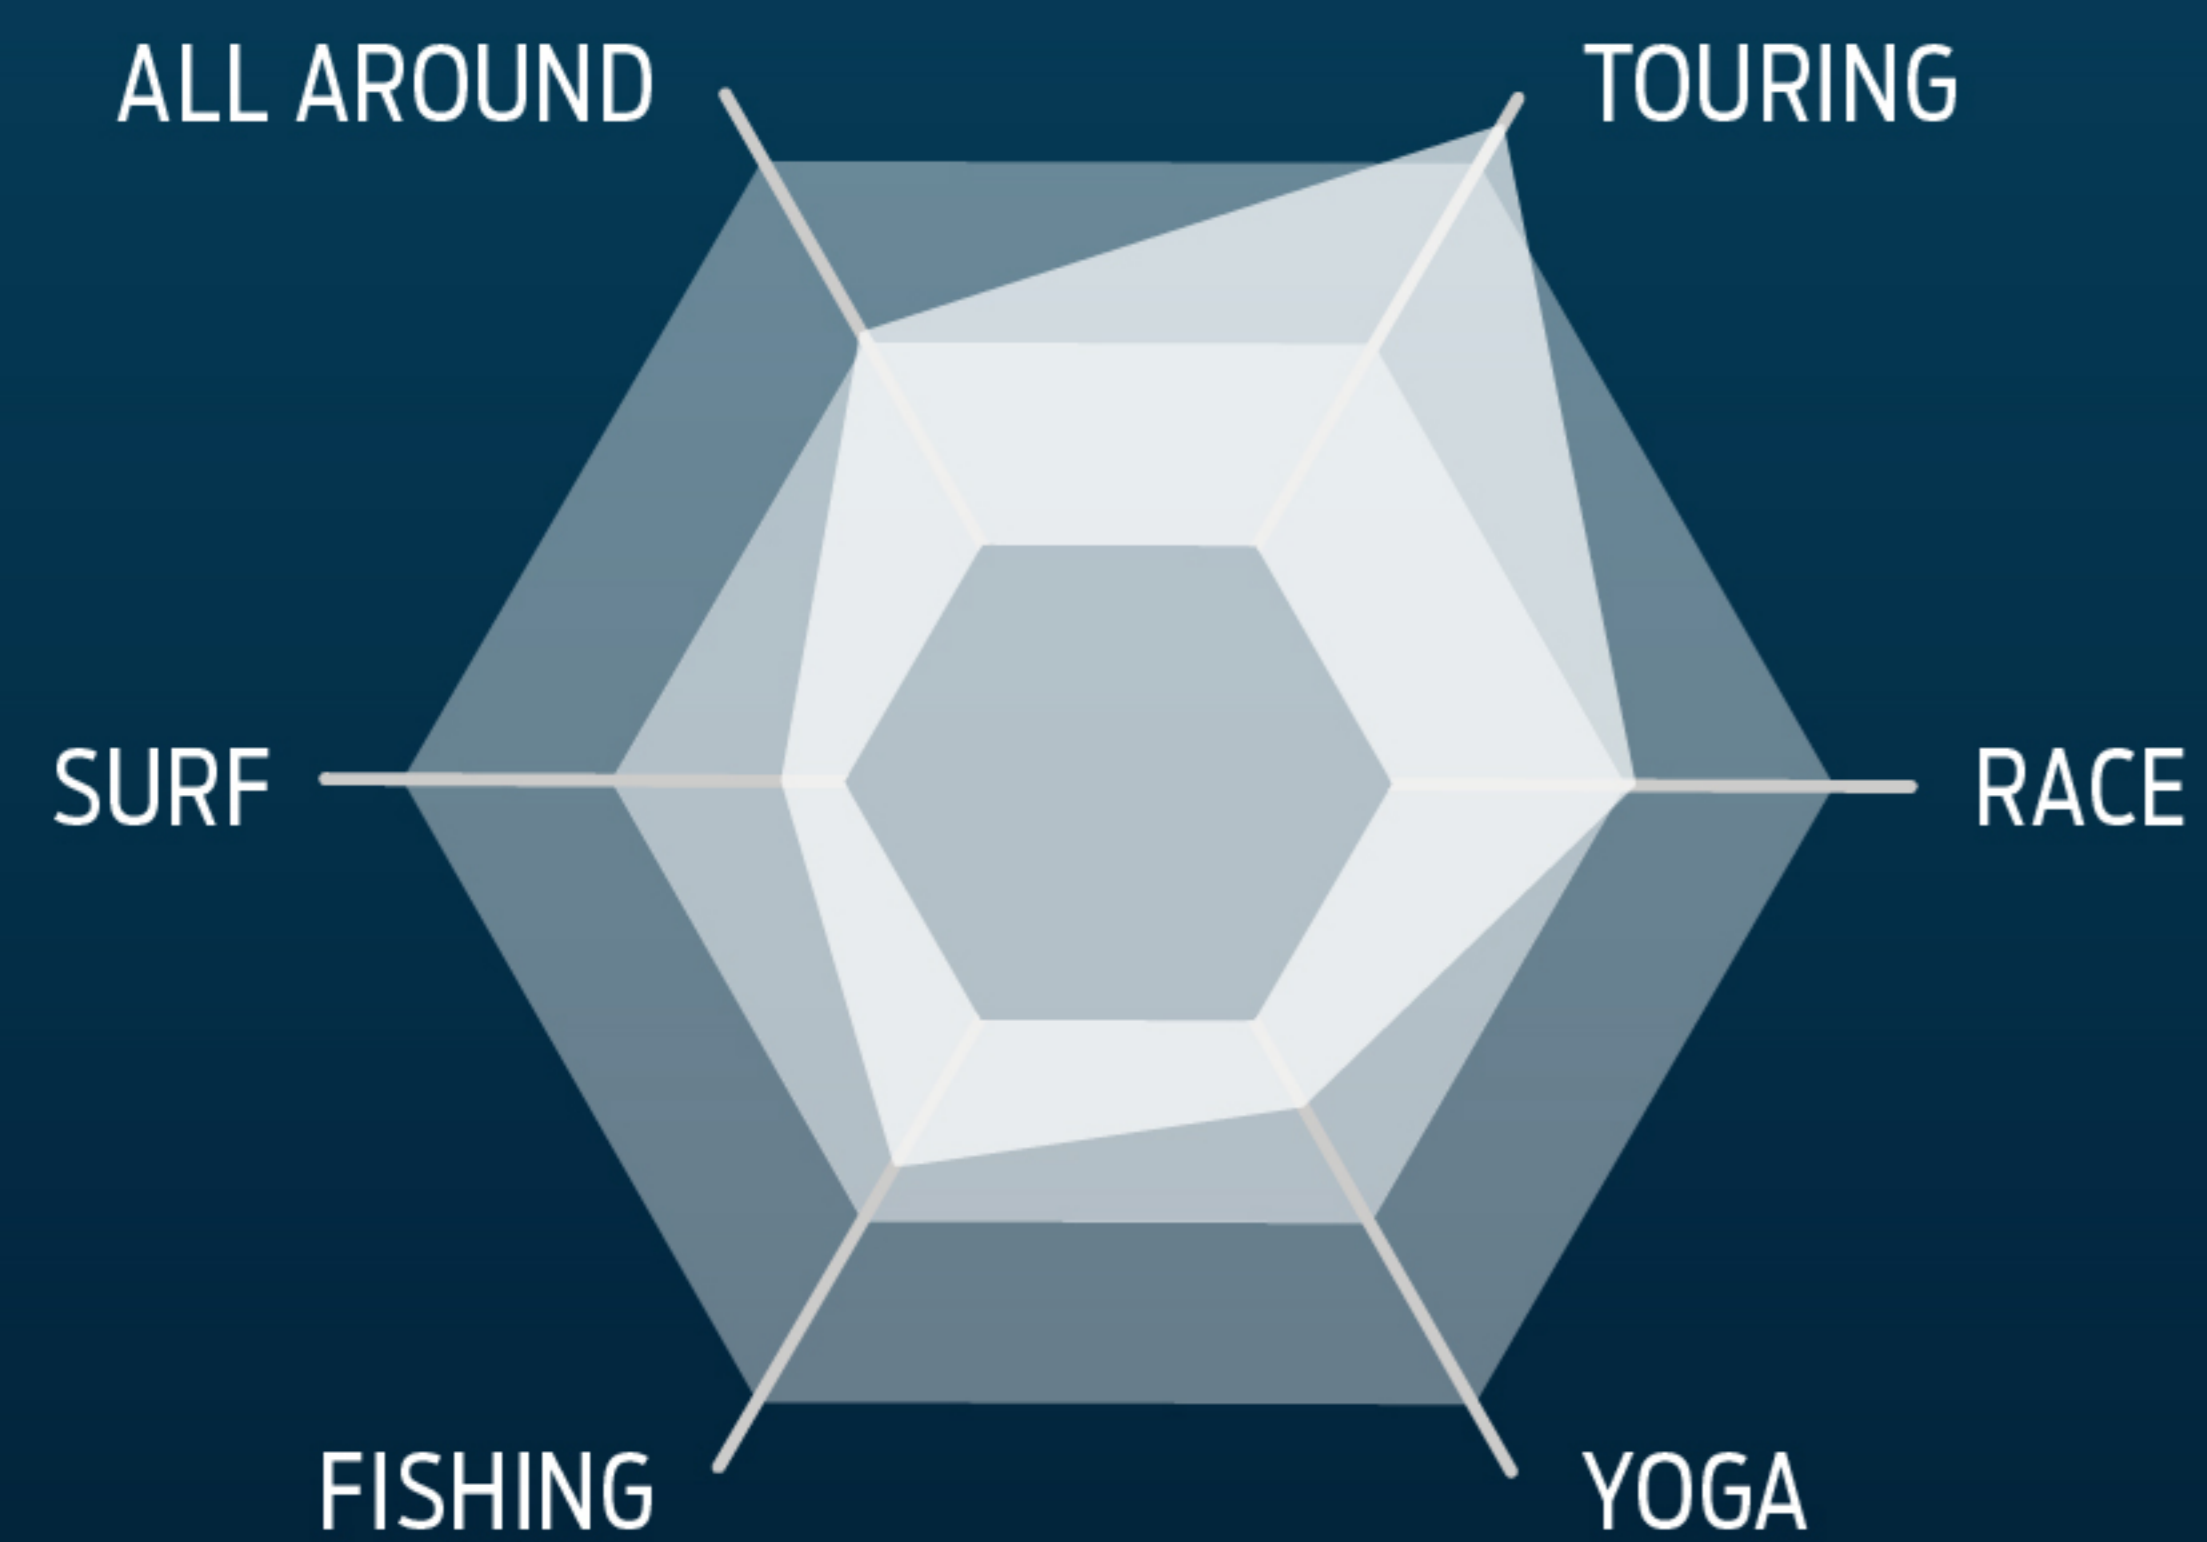

The Raven is a mid-sized touring and expedition paddleboard, similar to the Great Bear; however, its smaller size and volume allow for a more manageable handling experience. The revolutionary bow and hull shape allows for extended glide and tracking performance equally suited for calm or open water conditions. Sturdy construction and inspiring graphics provide durability and a beautiful finish that will last for years to come.

Specifications

| | |
|--------------|----------|
| LENGTH | 12' 6" |
| WIDTH | 29" |
| THICKNESS | 6 11/16" |

CHINOOK

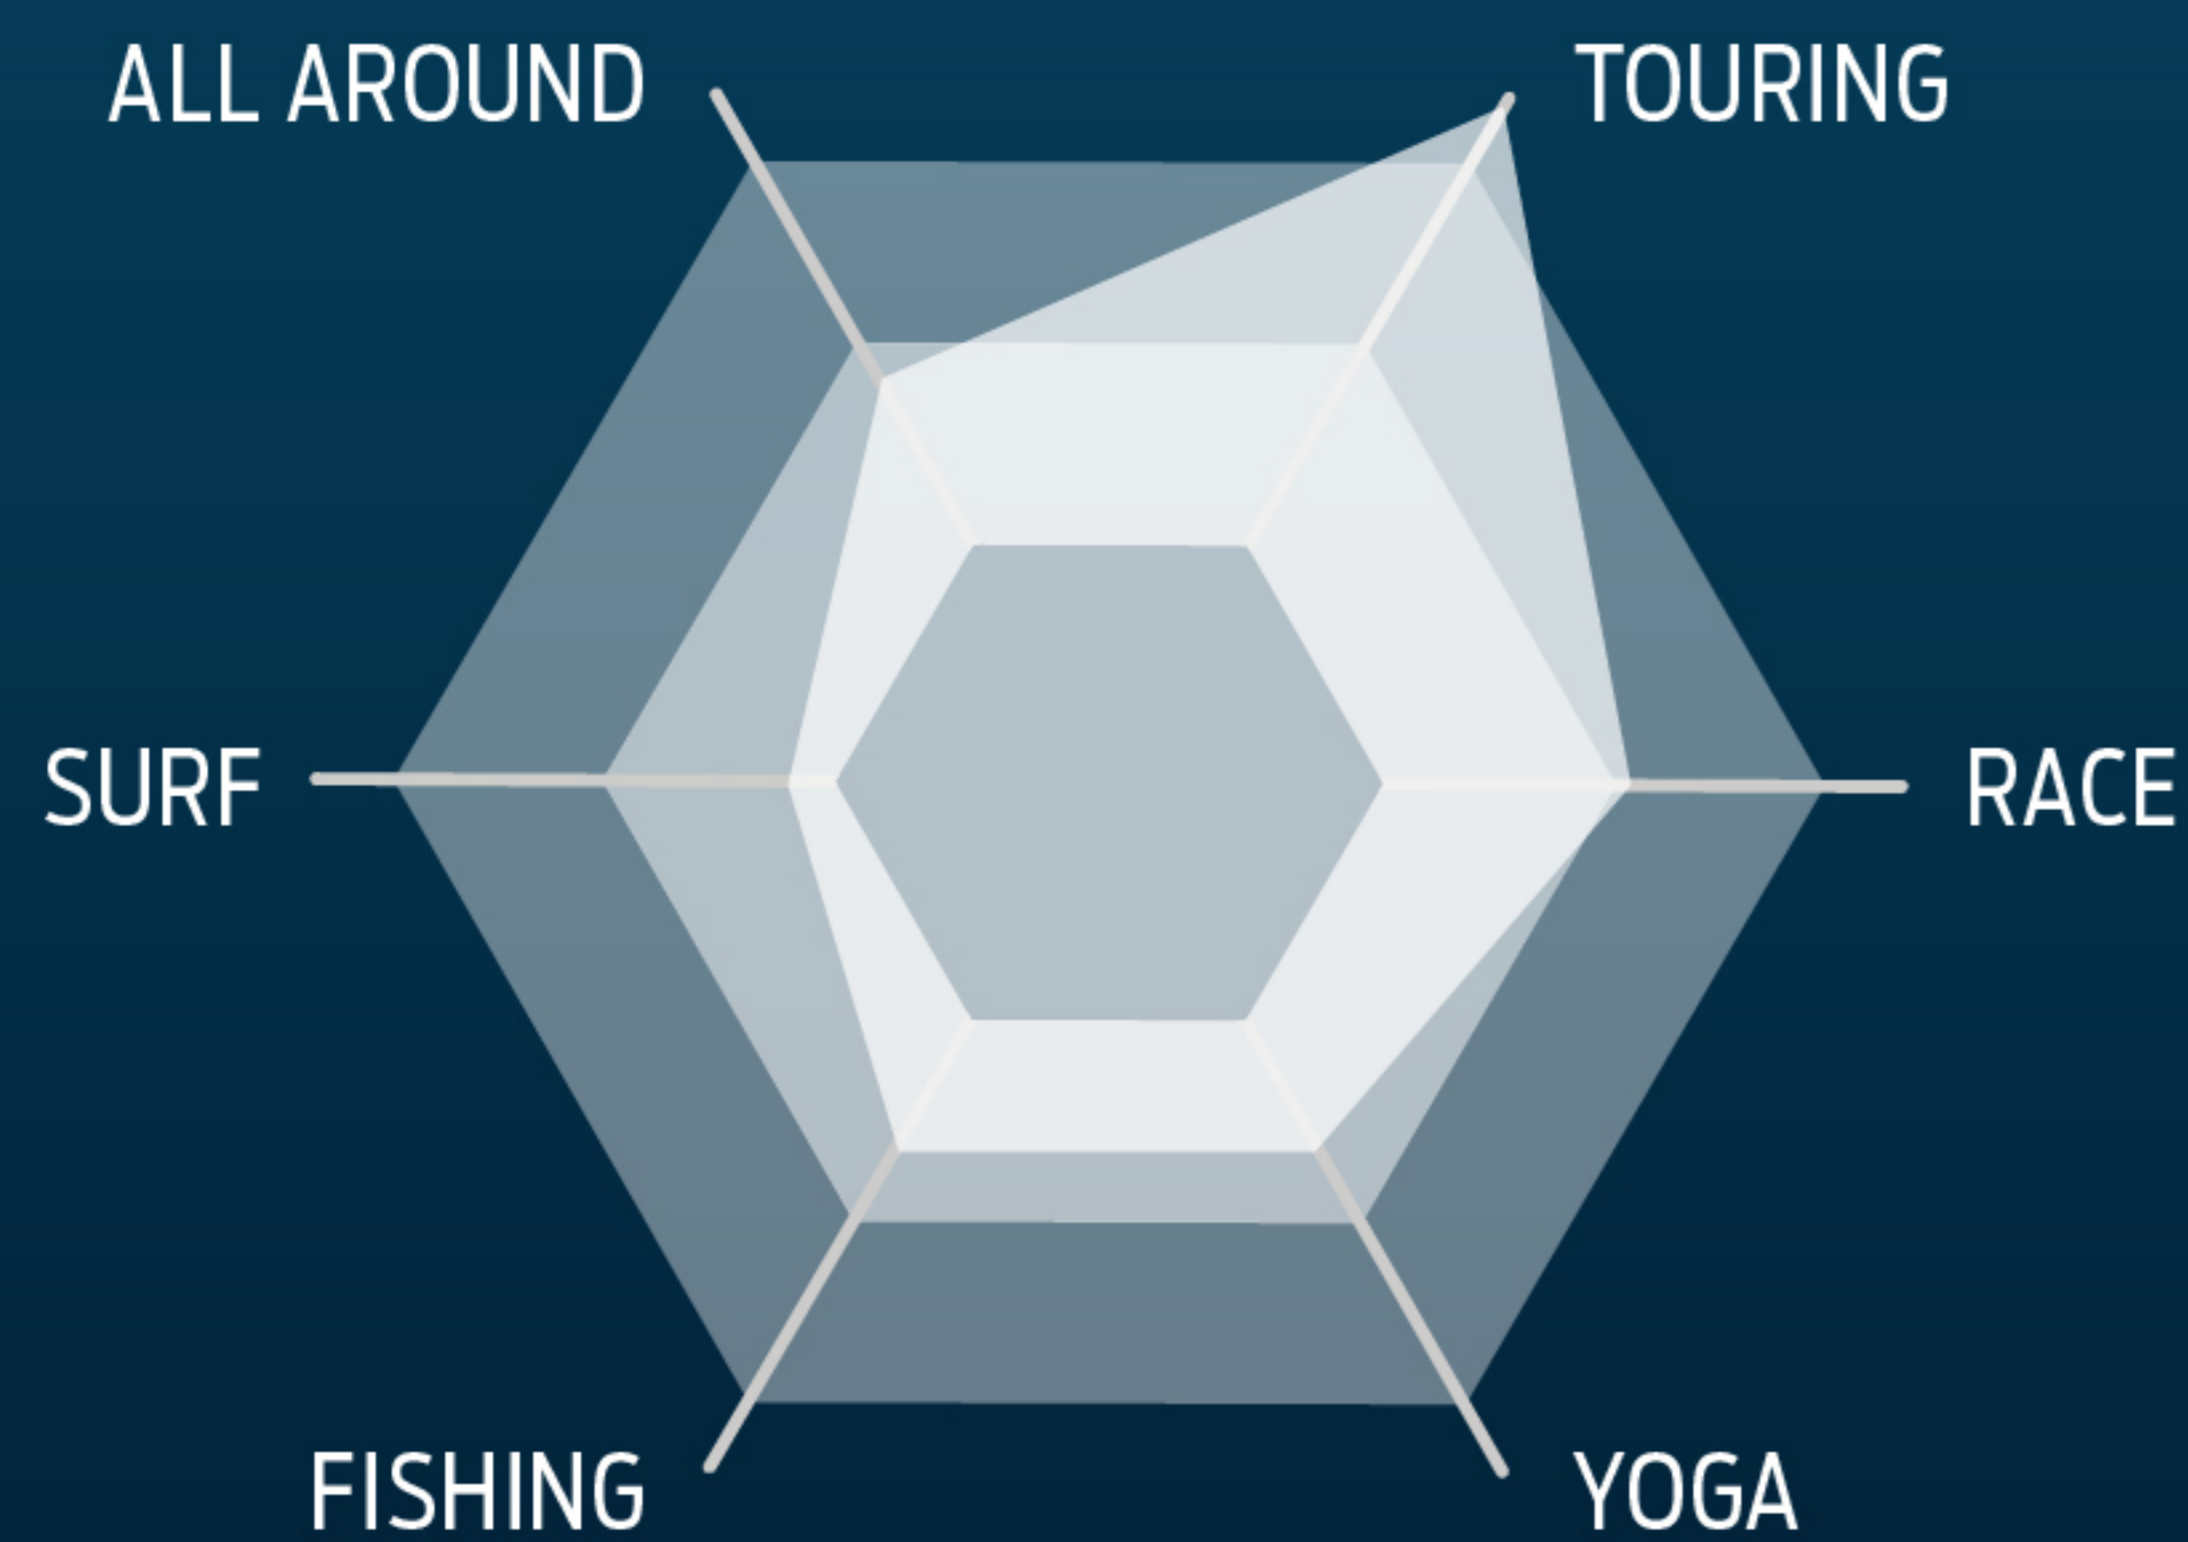

The Chinook is a mid-sized rigid paddleboard ideally suited for day tripping, touring, and fun adventures on inland waterways, lakes, and rivers with typically flat to mildly choppy conditions. The Chinook's sleeker lines provide a smooth glide, and its multiple secure storage points allow room for you to bring all the gear you need. The revolutionary bow, hull shape, and relatively flat rocker create a streamlined and efficient glide.

Specifications

| | |
|--------------|---------|
| LENGTH | 12' 6" |
| WIDTH | 29 1/2" |
| THICKNESS | 6 1/2" |
| VOLUME | 286 L. |

NAVIGATOR

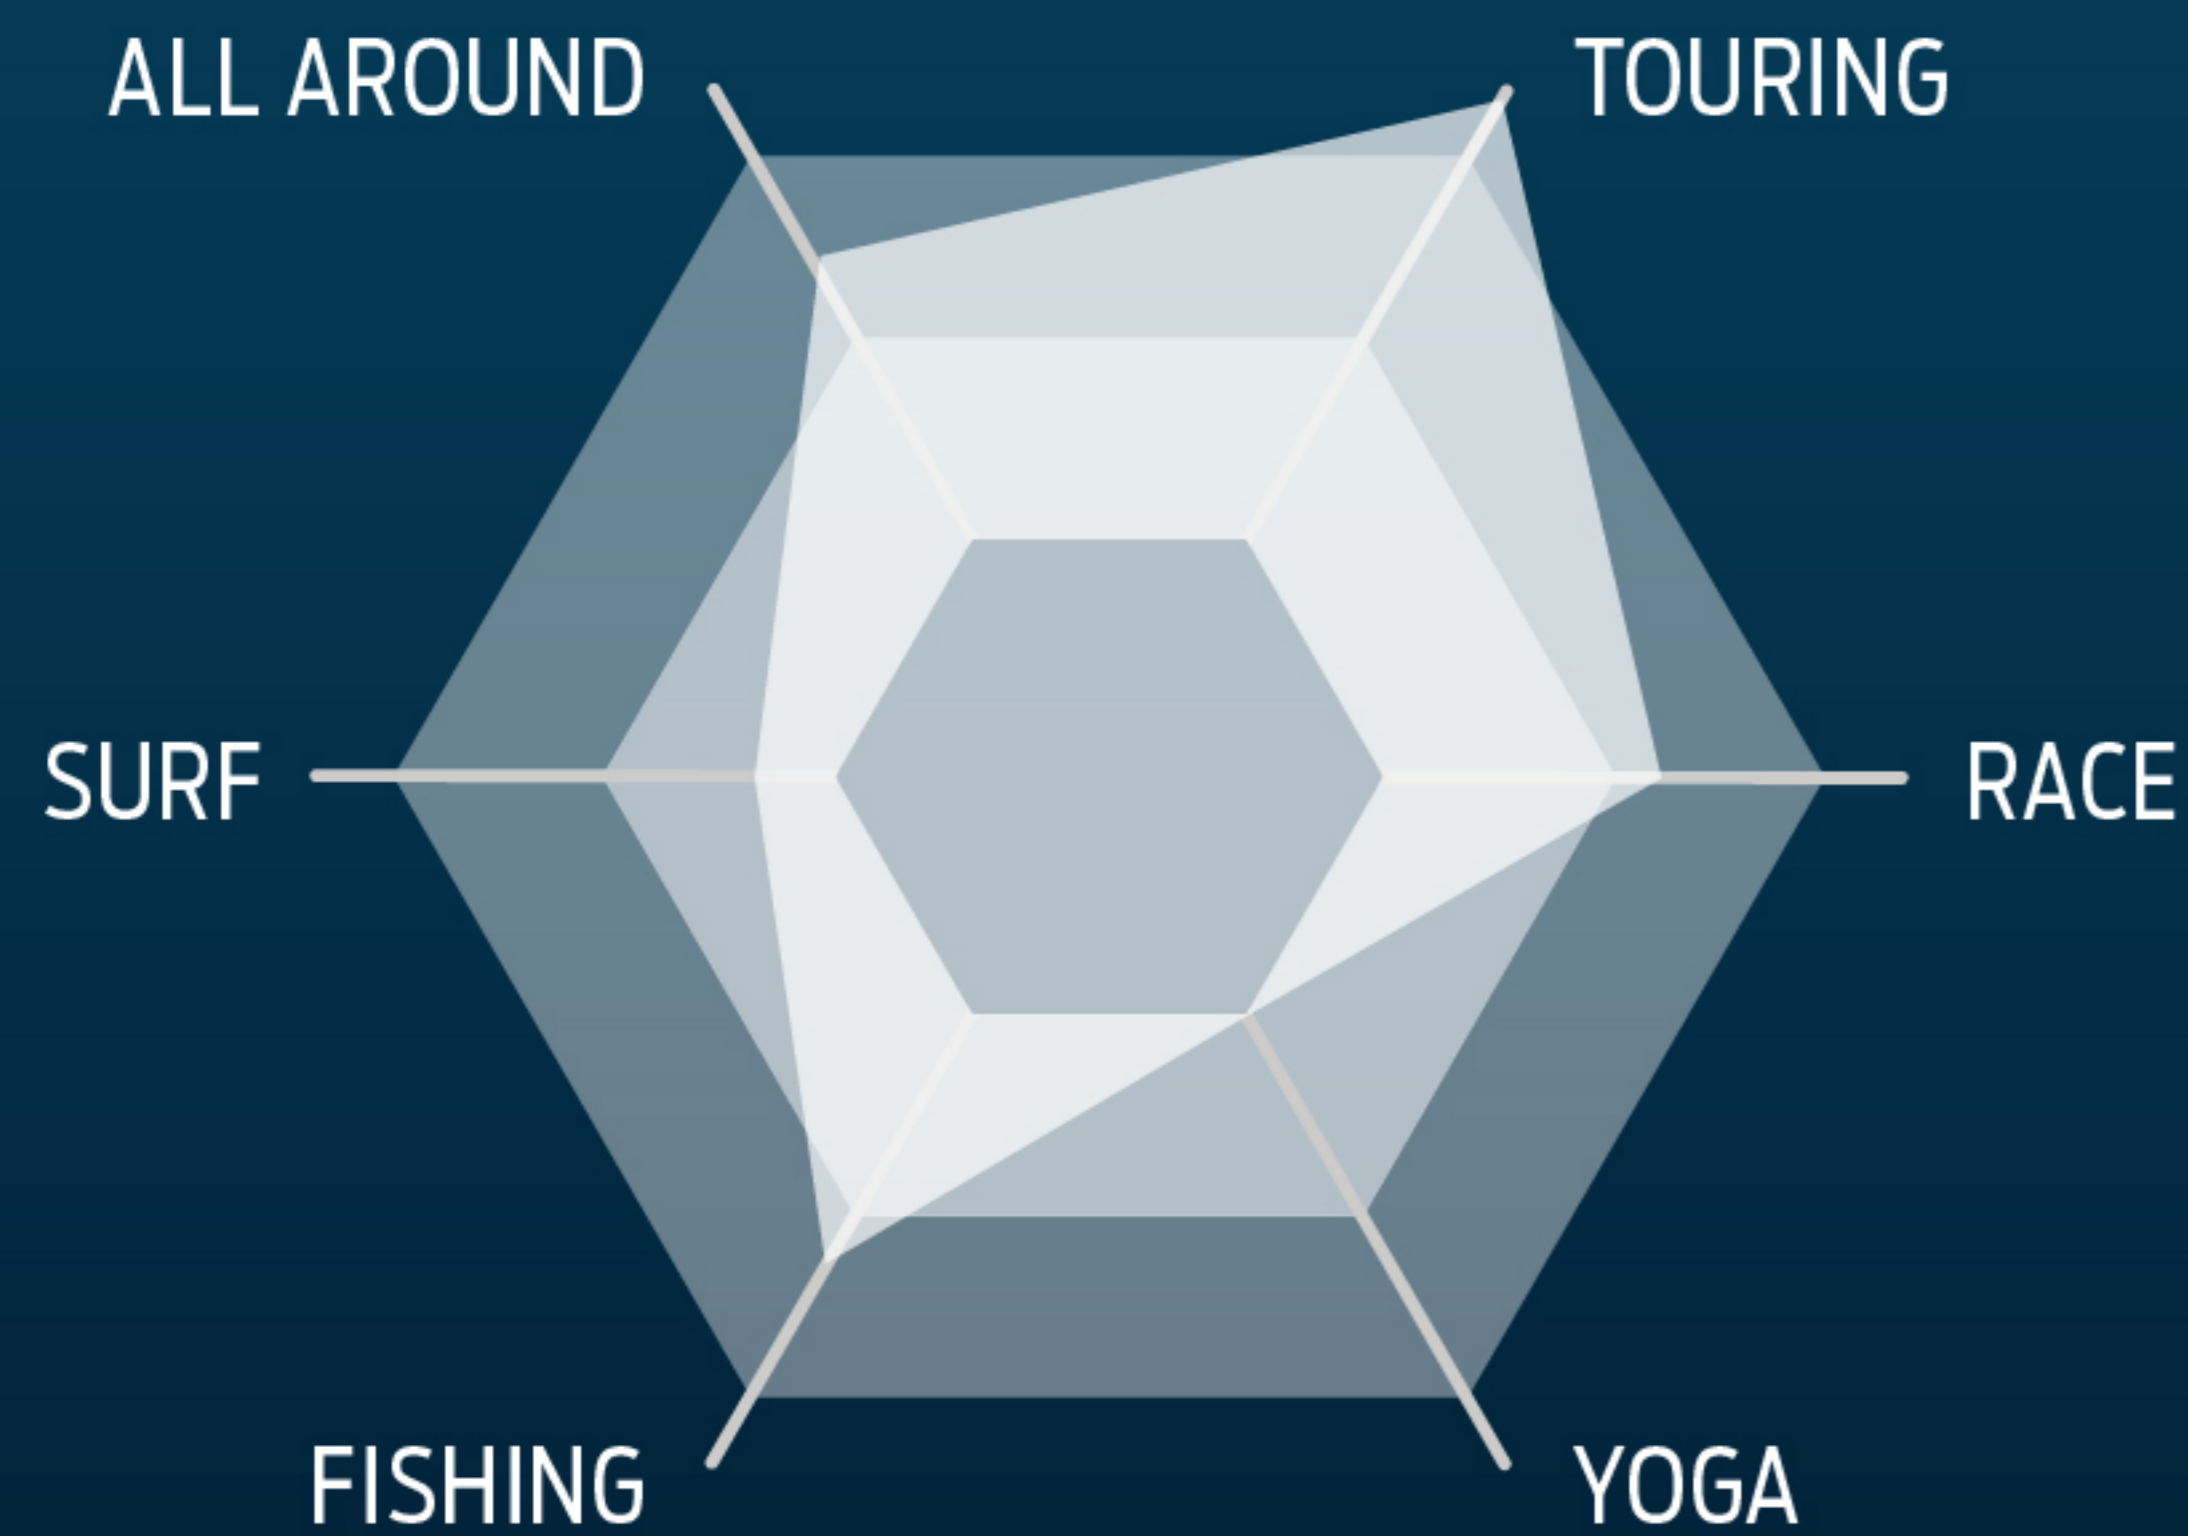

The Navigator is the perfect all-around recreational touring board created for paddlers who seek comfort and speed but also need a durable board that can take a little more abuse from rocky shorelines, docks, and heavy use. The increased nose volume creates a stable and efficient platform, keeping you moving swiftly through most conditions. Two-large storage bungee tie downs allow for ample secure storage space.

SHUBU RAVEN

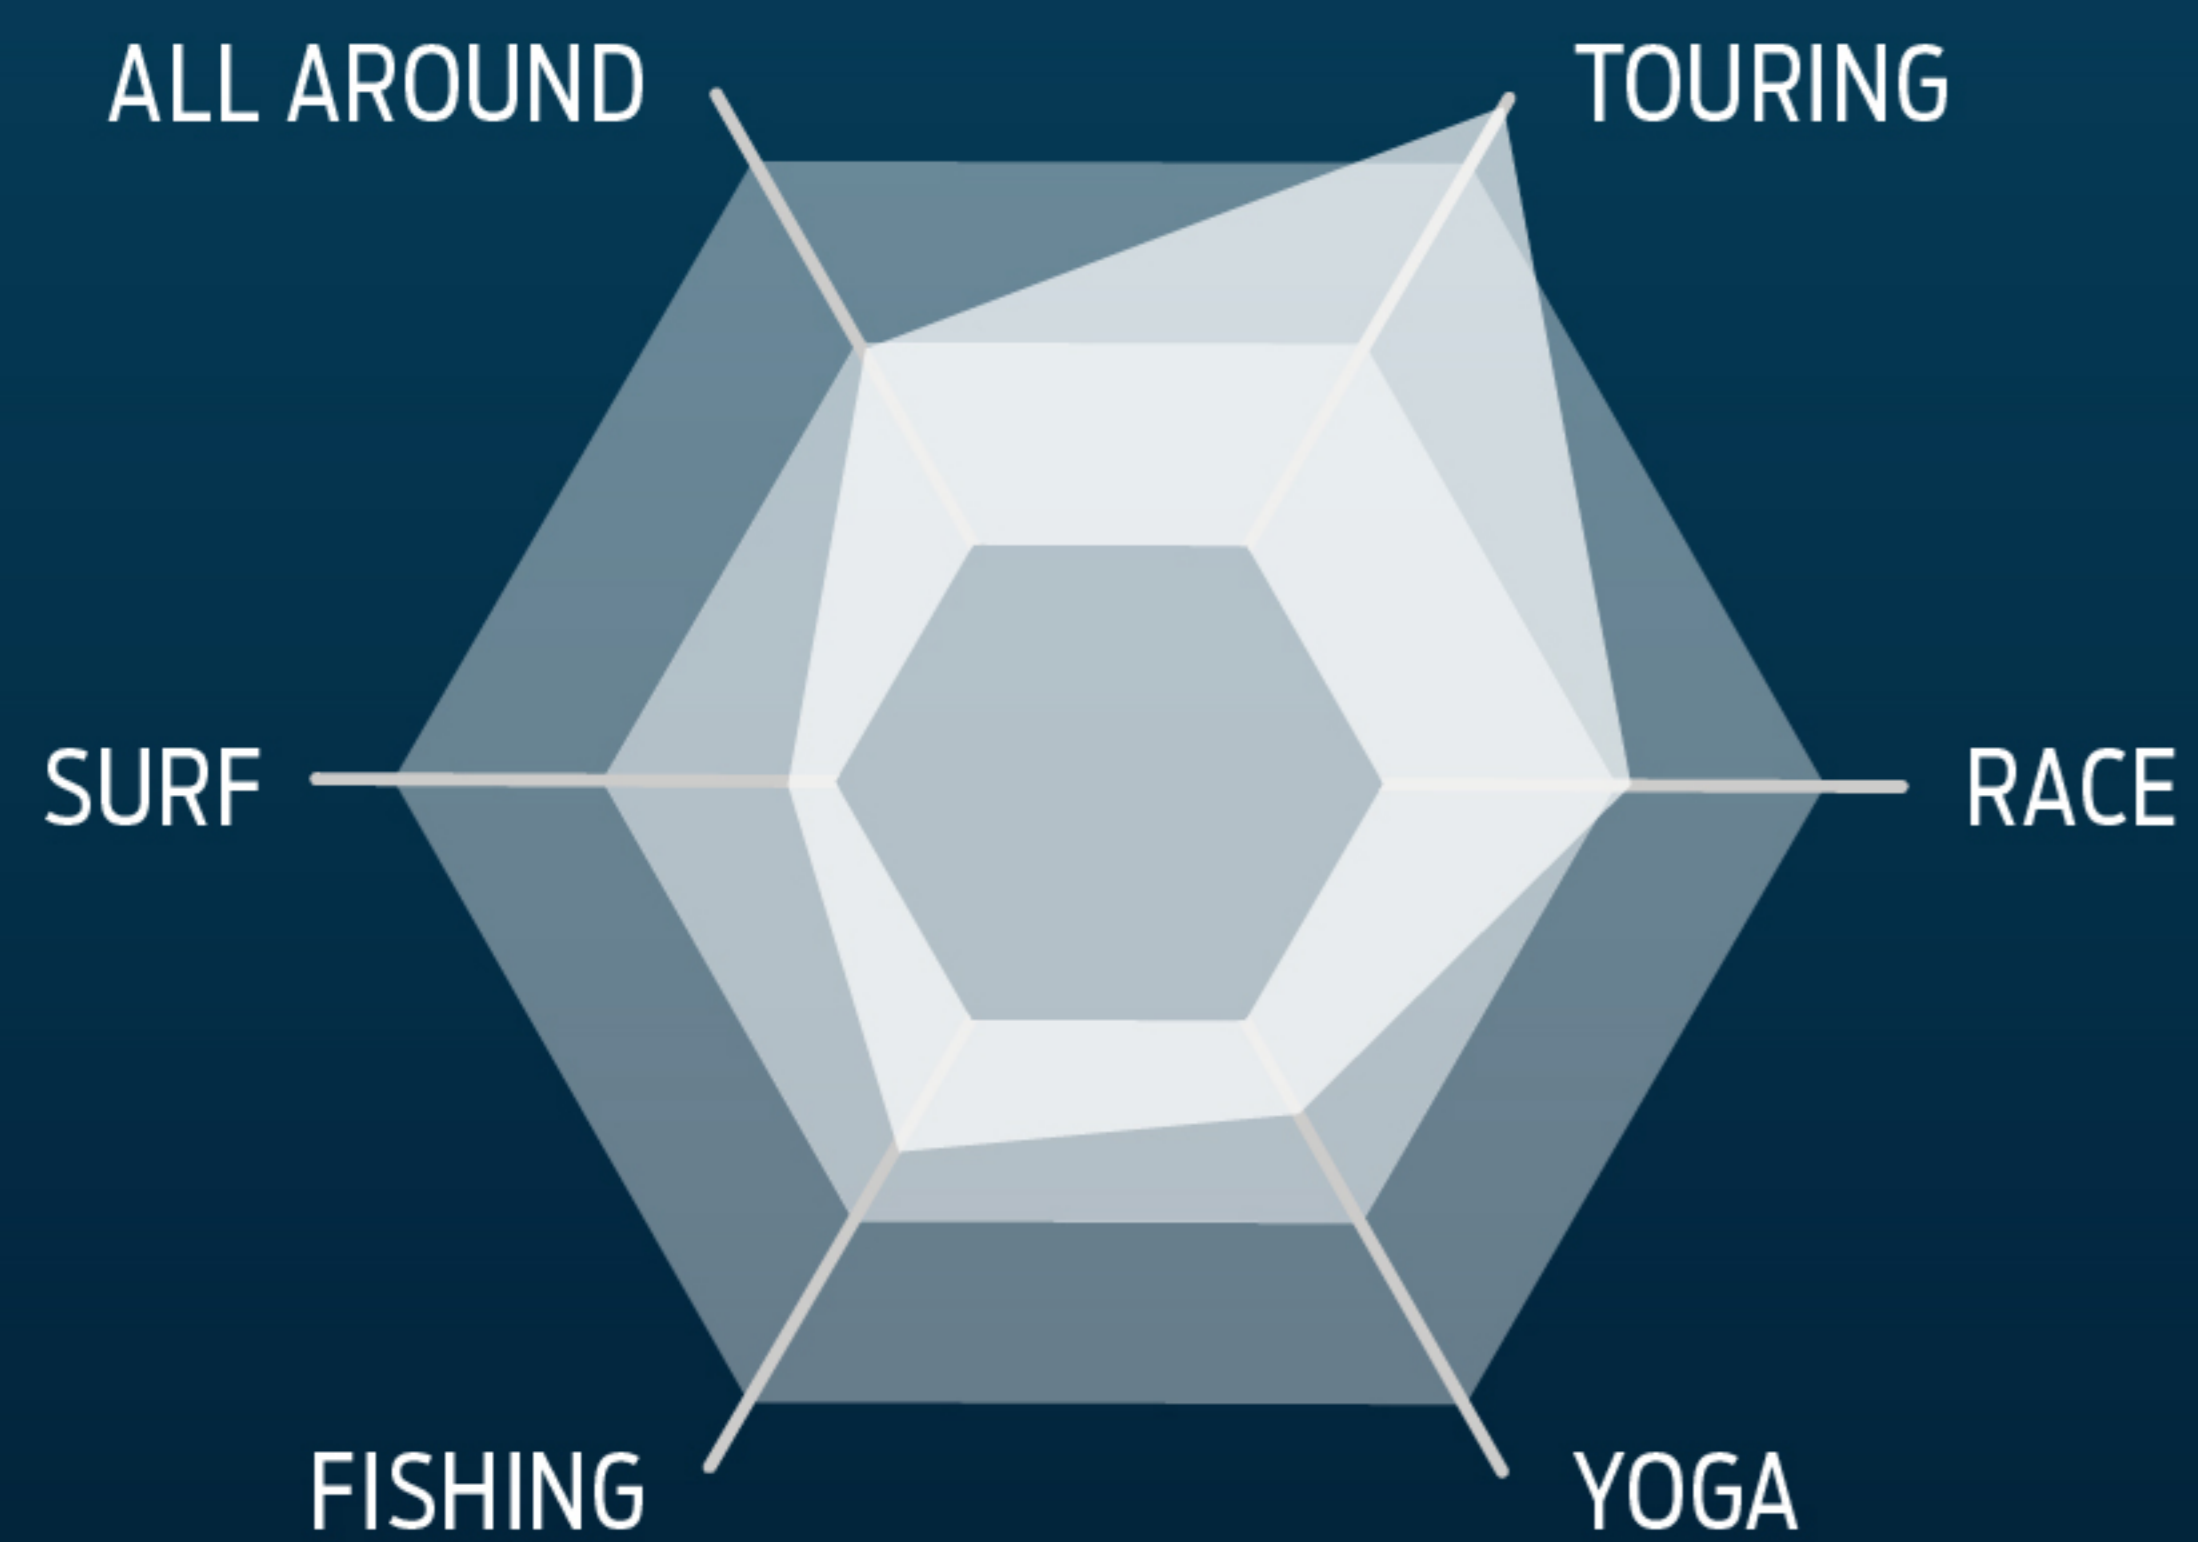

The SHUBU Raven is our go-to touring and expedition board for rough or adverse conditions. The SHUBU Raven is designed as the ultimate touring and expedition inflatable and is our go-to board for any trips where rivers, rocks, portages, and less than ideal conditions make it difficult to bring a hard board. With its tapered bow & increased nose rocker, the SHUBU Raven creates a stable & confidence building platform, especially under load.
