# NEW ATAK

The new Wilderness Systems ATAK – Advanced Tactical Angling Kayak – is fully equipped and in position to take the kayak angling world by storm. Featuring an open design that can be customized to meet the demands of any angler and environment. The deck is highly walkable and stable, yet the boat remains nimble and stealthy. The low-profile, wind-shedding hull will keep you on the water longer, and endless storage opportunities are intelligently located throughout. The AirPro MAX seat shows up in a big way, now with extended travel along much of the length of the craft. Top it off with the FlexPod OS electronics console and the fish don't stand a chance.

# NEW THRESHER

Introducing the Thresher 140 and 155 – the next generation of high performance sit-on-top kayaks. Built with both the aspiring and advanced angler in mind, the efficient hull satisfies the need to paddle long distances and is complemented by voluminous rails that provide stability for breaching waves or fighting fish. After a long day on the water, the rockered keel allows the Thresher to gracefully surf its way back to shore. The sleek deck is optimized for maximum storage, capacity and accessibility, and features several cutting-edge advancements including the FlexPod OS removable console for consolidating fish finder electronics.

# COMMANDER ANGLER

The perfect combination of a classic fishing platform and modern outfitting. Built to offer three different positions from which you can cast due to the hybrid sit-on-top/sit-inside design, the pontoon-style hull is wide enough to stand but still offers a burst of speed. The dual-seating system allows anglers to sit fully on top, and includes the folding, removable AirPro Freedom Elite seating system, as well as a molded-in elevated seating area for added visibility on the water.

All Wilderness Systems kayaks are designed and manufactured in the U.S.A., excluding composite-construction Pro models.

Colors may vary slightly from those shown in catalog. Color combinations (Desert Camo, Wildy Camo, Dusk, Mango, and Flint) will vary from those shown in catalog and are unique for each boat we produce. Variations in color are not covered by warranty.

Polyethylene expands and contracts with changes in temperature and humidity. Actual dimensions can vary from those shown in the Specifications Chart due to molding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty.

Specifications and features are subject to change.

All Wilderness Systems kayaks are covered by a Limited Lifetime Warranty. Some limitations apply. Visit WildernessSystems.com for full details.
