WEIGHT: Average based on a fully assembled boat including all outfitting. (NOTE: Other companies may not include outfitting in their weight specifications.) Due to variances in production actual weights may vary +/- 2 lbs.

CAPACITY: Field tests determine each model's capacity, with maximum being the greatest load the model can carry and still perform under typical conditions.

DIMENSIONS: Measured at points indicated by the accompanying diagrams. Touring boat depths are measured from the floor of the boat to the top of the cockpit.

All Wilderness Systems kayaks are designed and manufactured in the U.S.A. Colors may vary slightly from those shown in catalog. Color combinations (Borealis Green, Galaxy Blue, Mango Orange, Midnight Blue, and Solar Yellow) will vary from those shown in catalog and are unique for each boat we produce.

Polyethylene expands and contracts with changes in temperature and humidity. Actual dimensions can vary from those shown in the Specifications Chart due to molding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty.

Variations in color are not covered by warranty. Specifications and features are subject to change.
