2017 Fishing Product Catalog

A.T.A.K.

The A.T.A.K. – Advanced Tactical Angling Kayak – strikes the elusive balance between speed and stability with its long waterline, highly walkable surface, and wind-shedding hull. The open deck design is optimized for accessory customization with storage opportunities intelligently located throughout. The AirPro MAX high/low seat comes standard and is complemented by the new AirPro 3D (sold separately) seat that provides an elevated perch position for the angler to paddle or cast from for unsurpassed visibility. Top it off with the Flex Pod OS console for electronics integration and compatibility with the new Helix MD™ Motor Drive (sold separately), and the A.T.A.K. clearly sets a new standard for the kayak fishing experience.

TARPON 130X

Go anywhere and catch anything in the Tarpon 130X. Building upon the heritage of the revered Tarpon – the craft that pioneered kayak fishing – the Tarpon 130X maintains a sleek, speedy, and exceptionally stable platform with modern shaping and abundant feature upgrades such as the versatile Flex Pod OS, allowing for storage, electronic and propulsion opportunities with Helix MD™ Motor Drive compatibility. The ultra-comfortable AirPro LITE seat features a new slide-on-track system for increased fore/aft trimming while maintaining all of the comfort features found and loved in the AirPro MAX seat.

RADAR NEW

Introducing the Radar series – Wilderness Systems' first tri-powered kayak with paddle, power and pedal capabilities. The Radar features S.M.A.R.T. Hull Technology that combines Stability, Maneuverability, Acceleration, Responsiveness and Tracking throughout the entire design for ultimate performance in multiple water environments. In addition to a flat platform for standing and freedom of movement, the Radar boasts state-of-the-art outfitting including expansive SlideTrax™ rails, a multitude of storage opportunities, and scupper options to deploy the Helix MD™ Motor Drive, the Helix PD™ Pedal Drive* and even multiple electronics options including down-imaging, side-scanning or both. When utilizing the Helix PD™, a built-in steering control system affords easy navigation and hands-free fishing, while the AirPro MAX complements the package with optimized positioning for any mode of travel.

THRESHER

Built with both the aspiring and advanced angler in mind, the Thresher's efficient hull satisfies the need to paddle long distances and is complemented by voluminous rails that provide stability for breaching waves or fighting fish. After a long day on the water, the rockered keel allows the Thresher to gracefully surf its way back to shore. The sleek deck is optimized for maximum storage, capacity and accessibility, and features several cutting-edge advancements including the Flex Pod OS removable console for Helix MD™ compatibility and consolidating fish finder electronics.

TARPON ANGLER

For the angler poised to fish all season in all waters, the Tarpon is the ultimate workhorse. Its award-winning design offers both agility and speed to zip from spot to spot, but with the right amount of stability for fighting fish or rough waters. The intuitive design allows for a wide range of body sizes with easy access to gear and the exclusive SlideTrax™ accessory system to trick out your kayak any way you want. Featuring the Phase 3® AirPro seating system for added ergonomic comfort and easy adjustability.

HELIX MD™ MOTOR DRIVE

The power of Wilderness Systems is on full display with the Helix MD Motor Drive. With top speeds reaching up to 6 mph* at a range of around 20 miles*, and featuring a rechargeable lithium battery that lasts up to 8 hours*, the Helix MD can take you farther, faster. The unit is lightweight at only 16 lbs. including battery, and comes equipped with an intelligent remote throttle that displays your GPS-calculated speed, remaining range and battery runtime. With fully variable forward/reverse functionality, set the throttle speed and direction and you're free to fish with two hands. Quiet, low-maintenance, and easy to integrate and use in compatible Wilderness Systems kayak models, the Helix MD is a step ahead in the world of motorized kayak propulsion.

HELIX[™] MD

MOTOR DRIVE

Powered by **TORQUEEDO**
STARNBERG, GERMANY

FEATURES & BENEFITS

High performance lithium battery that is waterproof and is buoyant

Self-contained removable unit for plug-and-play versatility

Durable and lightweight roto-molded housing

Interlocking feature on housing and deck will securely hold the unit in low draft retracted position

Efficient Torqeedo electric motor with optimized propeller design

Throttle with display:

- Integrated On-Board GPS
- Battery Charge Status
- Remaining Range
- Speed Over Ground
- Input Power
- Magnetic Key/Safety Kill Switch
- Forward & Reverse Operation

Powered by Torqeedo

- Top Speeds up to 6 mph*
- Range up to 20 miles*
- Runtime up to 8 hours*

SPECIFICATIONS

LENGTH	WIDTH	HEIGHT	WEIGHT
11.5" / 29 cm	11.75" / 30 cm	28.75" / 73 cm	16 lbs / 7 kg

*Top speed, maximum range, and maximum runtime may vary by boat model, paddler weight, throttle speeds, et al. All additions and changes to our 2016-2017 product line are pre-production and subject to change without notice.

HELIX PD™ PEDAL DRIVE

NEW

The time has come for true innovation in motion with the new, patent-pending Helix PD™ Pedal Drive. Featuring a 6:1 gear ratio precision-tuned to a 14 x 17 two-bladed fixed pitch prop, the Helix PD is the most efficient and intuitive pedal system ever engineered. Fully deployed, the system is optimized for maximum speed in exchange for less effort so you can be hands-free to fish all day. A groundbreaking auto-raising mast achieves zero draft with a spring-loaded kick pedal, and the unit can be further stowed forward and out of the way to complete the 3-phases of possible positioning. Tuned to the proven performance of Wilderness Systems' S.M.A.R.T. Hull designs, and currently compatible with the new Radar model family, the Helix PD Pedal Drive is the definitive advantage.

JAY BROOKS

HELIXTM PD

PEDAL DRIVE

FEATURES & BENEFITS

Precision-tuned for efficient and effortless pedaling

Forward and reverse functionality

Easy to remove/install on the Radar kayak with a simple pin system

Intuitive spring-loaded auto-raising mast with kick pedal activation

14 x 17 two-bladed fixed pitch propeller

Optimized for all-day cruising and hands-free performance

Three Positions:

- Fully Deployed
- Zero Draft
- Fully Stowed

Versatile Steering System:

- Rudder Kit
- Steering Kit
- Noise Reduction Baffles

Patent-Pending Design

ACCESSORIES

HELIX PROPULSION SYSTEMS

HELIX MD™ MOTOR DRIVE

The power of Wilderness Systems is on full display with the introduction of the new Helix MD Motor Drive. Taking you farther, faster with the proven technology of Torqeedo, the Helix MD is redefining the world of kayak propulsion technology.

HELIX MD™ THROTTLE MOUNT KIT

The Helix MD Throttle Mount Kit makes mounting the Helix MD Motor Drive throttle to your Wilderness Systems kayak a cinch. Quickly attach the throttle to the pivoting head, insert the unit into the SlideTrax™ system, and you're ready to power up and motor on.

HELIX PD™ PEDAL DRIVE

The time has come for true innovation in motion with the new Helix PD™ Pedal Drive. Featuring a 6:1 gear ratio precision-tuned to a 14 x 17 two-bladed fixed pitch prop, the Helix PD is the most efficient and intuitive pedal system ever engineered.

POWER, WIRING & LIGHTING

SOLAR PANELS

The Solar Panels ensure that your kayak electronics stay powered-up all day, even while underway. Small in size, but large in power the rigid solar panels are water resistant and feature a built-in charging meter and a modern USB connection.

LITHIUM BATTERY

The Lithium Battery refines the kayak battery beyond the heavy and cumbersome marine batteries of the past. The compact design conveniently stows in most kayak hatches.

LITHIUM BATTERY CRADLE

The Lithium Battery cradle refines the kayak battery beyond the heavy and cumbersome marine batteries of the past. The compact design conveniently stows in most kayak hatches.

THROUGH-HULL WIRING KIT

Provides you everything you need to easily route wires from a battery or other electronics from a hatch or pod through your kayak's hull. Water resistant fittings prevent flooding.

FISH FINDER INSTALL KIT

Designed to integrate into the large rectangular scupper found in the Tarpon 130X and A.T.A.K. 120, the Fish Finder Install Kit is the go-to solution for electronics integration.

FLEX-ARM LED LIGHT

The Flex-Arm LED Light redefines what a light can do in a kayak. Featuring a 2-foot flexible yet stable plastic arm, the LED light can be precisely aimed anywhere – vertically for visibility, towards the deck as work station lighting, or bent into the water as a fish attractant.

FLEX POD OS ELECTRONICS KIT

The FlexPod OS Electronics Kit provides the perfectly sized foam cutout for holding your battery secure in the pod and provides all hardware required for easy installation of most fish finders. Flex Pod OS unit sold separately.

GEAR STORAGE

THRIVE BAITWELL

Engineered to integrate with most sit-on-top kayaks, the Thrive Baitwell features a unique flexible hose system to draw water from any scupper in the rear tankwell, while a pump simplifies the input/output cycle.

KAYAK KRATE

The Kayak Krate sophisticates the tankwell storage experience with a superior functional interface and sleek look never before seen in a fishing gear storage crate.

CUSTOM DRY BAG

Designed to fit perfectly in the tankwells or bow hatches of most Wilderness Systems sit-on-top kayaks, the Custom Dry Bag optimizes the available storage space in your boat.

CATCH COOLER

A perfect fit in most Wilderness Systems sit-on-top kayaks, the highly-insulated Catch Cooler can keep your catch fresh and your drink cold all-day and simultaneously with isolated compartments with two separate access points.

MESH STORAGE SLEEVE - 4 POCKET

Store small items in easy to reach places on your kayak with the versatile Mesh Storage Sleeves. With multiple shapes and sizes to choose from, each with unique compartments, taking control of your organization has never been easier.

MESH STORAGE SLEEVE - 3 POCKET

Store small items in easy to reach places on your kayak with the versatile Mesh Storage Sleeves. With multiple shapes and sizes to choose from, each with unique compartments, taking control of your organization has never been easier.

MESH STORAGE SLEEVE - TACKLE BOX

Store small items in easy to reach places on your kayak with the versatile Mesh Storage Sleeves. With multiple shapes and sizes to choose from, each with unique compartments, taking control of your organization has never been easier.

MESH STORAGE SLEEVE - PLIERS

Store small items in easy to reach places on your kayak with the versatile Mesh Storage Sleeves. With multiple shapes and sizes to choose from, each with unique compartments, taking control of your organization has never been easier.

ORBIX STORAGE BIN - ROUND, 8 PACK

Kayaks outfitted with Orbix hatches have the option of additional internal storage organization with drop in bins. The round bin includes a recess that will accommodate a drink can or hold small fishing tackle.

ORBIX STORAGE BIN - OVAL, 8 PACK

Kayaks outfitted with Orbix hatches have the option of additional internal storage organization with drop in bins. The oval bin includes a divider for the bottom portion.

RECTANGULAR HATCH STORAGE BIN - REGULAR 4", 8 PK

New rectangular hatches have the option of additional internal storage organization in the Thresher and ATAK. Standard drop-in design with a shallow 4" depth.

RECTANGULAR HATCH STORAGE BIN - STEPPED 4/6", 8 PK

New rectangular hatches have the option of additional internal storage organization in the Thresher and ATAK. Versatile multi-level design that steps from 4" to 6" in depth.

UTILITY POD COVER - BLANK

Customize your cockpit with this versatile utility pod cover for select Wilderness Systems kayaks.

FLEX POD OS CONSOLE

The console pod offers additional storage space or the shell for electronics for your Thresher or A.T.A.K.

SLIDETRAX™ RAIL 4"

Customize your kayak with removable accessories with the industry-leading SlideTrax rails, featuring a strong marine grade anodized aluminum and three size options - 4 in., 8 in., and 12 in.

SLIDETRAX™ RAIL 8"

Customize your kayak with removable accessories with the industry-leading SlideTrax rails, featuring a strong marine grade anodized aluminum and three size options - 4 in., 8 in., and 12 in.

SLIDETRAX™ RAIL 12"

Customize your kayak with removable accessories with the industry-leading SlideTrax rails, featuring a strong marine grade anodized aluminum and three size options - 4 in., 8 in., and 12 in.

ROD LEASH

Losing expensive fishing rods and paddles is a thing of the past with the addition of the convenient Rod Leash to your gear cache.

ROD STAGER

Store your rods safely with the Wilderness Systems Rod Stager. The soft foam gently holds rods securely to prevent rolling within the rectangular hatch area, and is easily applied with a peel-and-stick adhesive bottom.

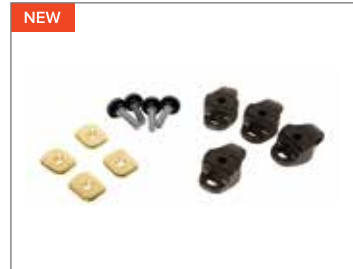

TROLLING MOTOR MOUNT

The Trolling Motor Mount is a universal mounting system that is designed to accommodate a variety of after-market trolling motors. Its compact size and tool-less adjustment points make it easy to install on the stern of your Wilderness Systems kayak.

ACCESSORIES

SLIDETRAX™ TOOL-LESS TIE-DOWNS

NEW
Provides even more versatility for custom outfitting or securing more gear. The tool-less option allows for convenient and fast installation and removal.

SLIDETRAX™ TIE-DOWNS

Identical to the those provided standard with each Wilderness Systems SlideTrax outfitted kayak, and the addition of multiples provides even more versatility for custom outfitting or securing more gear.

RETRACTABLE TETHER

NEW
The Retractable Tether ensure your fishing tools stay onboard and close-at-hand, featuring a 4' Kevlar leash that is longer and more durable than standard tool leashes.

GEAR SECURITY STRAP

Adjustable straps that can easily be attached to tankwell security bars for greater flexibility in securing gear. Kit includes two straps with web buckles for adjusting their length and quick release for ease of use.

SLIDETRAX™ MOUNTING PLATE

The SlideTrax™ Mounting Plate provides a secure, flat, and pre-drilled mounting platform to attach rod holders, fish finders, GPS, and more to any SlideTrax system.

STERN MOUNTING PLATE

The Stern Mounting Plate allows for mounting aftermarket accessories such as batteryoperated stakeout poles, trolling motors, and more.

STABILIZER BAR

SEAT OUTFITTING
Inn The Stabilizer Bar provides assistance with standing up in your kayak as well as lean-on stability while casting or fishing from a standing position.

AIRPRO MAX LUMBAR SUPPORT

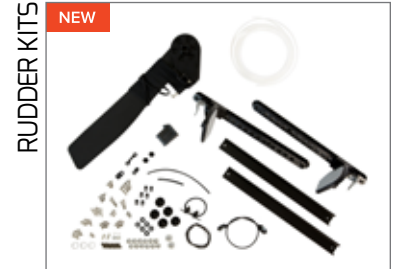

NEW
Inflatable by a twist valve that provides precise comfort and on-the-fly pressure adjustment, and can be compressed down for compact storage.

AIRPRO 3D SEAT

The AirPro 3D seat provides an elevated perch position for the angler to paddle or cast from, delivering unsurpassed visibility, stability and comfort.

XL RUDDER KIT - SOLO KAYAKS

RUDDER KITS
NEW
This near-universal rudder kit services all current and many older Wilderness Systems solo kayaks, and Includes footbraces, solo size rudder assembly, cables, tubes, and hardware.

All Wilderness Systems kayaks are designed and manufactured in the U.S.A., excluding composite-construction Pro models.

Colors may vary slightly from those shown in catalog. Color combinations (Desert Camo, Dusk, Galaxy, Indigo, Mango, Midnight, Solar, and Sonar) will vary from those shown in catalog and are unique for each boat we produce. Variations in color are not covered by warranty.

Polyethylene expands and contracts with changes in temperature and humidity. Actual dimensions can vary from those shown in the Specifications Chart due to molding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty.

Specifications and features are subject to change.

All Wilderness Systems kayaks are covered by a Limited Lifetime Warranty. Some limitations apply. Visit WildernessSystems.com for full details.
