A LIFE OF ADVENTURE

Some call it an active lifestyle. We prefer to call it inspired. Not merely on the move, but looking for adventure. It's this shared passion that is the core of every Dagger kayak. Break away from a world where limits seem to be around every corner. We're here to reveal the places without them. From the mountains to the sea; and everywhere in between.

Dagger's whitewater roots in performance and responsiveness forge an exhilarating experience into the entire lineup. That's why we're trusted for top adventures and expeditions throughout the world, but most importantly the ones in your own backyard.

TEAM TESTED. PADDLER PROVEN.

Our heritage of classic kayak designs is celebrated by paddlers from the casual to the competitor. It's born from an understanding of the space between the drawing board and the hull hitting the water. Our integrated R&D process ensures every boat meets the standards of the design team and passes the punishment of Team Dagger.

With a history of record-breaking first descents and a growing tower of competition trophies and medals, Team Tested approval doesn't come easy. We've got the scars to prove it. Most importantly, no design gets the Dagger stamp unless it's as exciting to talk about the experience as it was to live it.

CREEKING

Take a deep breath. Now go for it. Experience the stunning, remote locations thought to exist only in pictures. Challenge nature and navigate the rushing river. It's not for everyone. But you're not "everyone." Not just for kayaking daredevils, creeking is perfect for any explorer who wants to do more than test the waters. From the multi-day river trek to Class IV and V rapids, Dagger is the industry standard for those never satisfied with standing still.

WHEREVER YOU MAY ROAM

NOMAD SERIES Trusted as the world's ultimate creeker, the Nomad is the kayak of choice by both record holders and high-five fanatics. Experience whitewater the way it was meant to be experienced. With great speed, rock-solid stability, easy rolling and the ability to turn on a dime, it handles big water rapids or downriver bombing with ease. Push your limits with assurance from six safety attachment points, a step-out wall, and rapid resurfacing.

FREESTYLE

Sure, there was a time when surfing and pulling tricks was for the experts. But today, innovative designs have opened up the thrilling experience that is park, play, and owning the wave to anyone. Whether it's a bit of surfing and spinning or defying gravity with massive air moves, Dagger invites all those who come to play.

PURSUIT OF PLAY

"Poppy boost for aerial moves, dynamic surfing and carving and great volume distribution, we've put it all in there. The Agent truly takes the "free" in freestyle to heart."

"Snowy" Robertson,
Dagger Designer

AGENT SERIES

ANSWER THE CALL OF THE WATER

ADVENTURE REC

There's no better way to get out and enjoy the water than in an ultra-accessible Dagger recreational kayak. Pencil in a last-minute beach trip and experience more than just the towel. Or explore the lakes and waterways nearby in a way you never have before. Get your gear together, toss your Dagger on the roof and take a break from "usual."

We call Dagger's recreational kayaks "Adventure Rec", and the sleek Zydecos make it clear why. Anyone can paddle it, but the difference is that you'll enjoy the experience, be able to push yourself and it will actually spend more time on the water than in the garage!

TEAM OVERVIEW & SCHEDULE

TEAM DAGGER

It may be their competitive leadership and dedication on the R&D floor that keeps our designs on the cutting edge, but it's their passion for helping and educating others through kayaking and natural resource conservation that truly sets them apart.

They are multi-time Green Race winners, world record holders in waterfall descents, and world champion kayakers, but they are also philanthropists and founders in kayaking development programs all around the world. Brad's First Descents, Anna's Girl's At Play, and Andy and Rush's educational documentary films are only a few. Closer to home, you'll see them wherever the action is, ready to help everyone get the most out of their experience.

Great companies are more than just great products. That's why we're proud of the people who wear the Dagger logo. Visit www.Dagger.com to learn more about this incredible group of individuals. To keep up with them on a day-to-day basis, or to post about your own day-to-day adventures, visit www.TeamDagger.com.

OUTFITTING

PERFORMANCE FIT SYSTEM (PFS) 2.0

Get a lighter, stronger, and more bomb-proof whitewater boat with this innovative and intuitive outfitting system. The PFS 2.0 system is streamlined for reduced weight and comfort, allowing you to push the edge of performance, not the pain. Multiple tool-less adjustments also allow you to leave the wrenches and screwdrivers back at home.

Whitewater PFS 2.0 outfitting comes in a variety of configurations depending on which conditions and performance features a kayak is geared towards, whether it's hardcore creeking, freestyle playboating, or a little bit of both on the same trip.

ALL PFS 2.0 OUTFITTING SYSTEMS INCLUDE:

- Ratchet adjustable backband
- Multi-adjustable hip pads
- Precision adjustable thigh braces
- 4-point adjustment
- Security grab handles

PFS 2.0 OUTFITTING FOR CREEKING MODELS

Withstands more high-impact paddling with additional rugged, yet comfortable features:

- Adjustable tank style, rotomolded creek seat
- Safety step-out wall
- Adjustable bulkhead with foam padding

PFS 2.0 OUTFITTING FOR RIVER AND PLAY MODELS

Features lighter weight materials and comfortable adjustment options:

- Vector thermoformed seat
- Foam subframe
- Pleasure wedger
- D-Bone welded-in seat adjustment track
- Padded foam footbraces
- Overthruster by IR (Cockpit volume optimization) *

* Agent model only

COMFORT FIT SYSTEM (CFS AND CFS-R)

The Comfort Fit System (CFS) combines the proven technical capabilities of whitewater outfitting with the comfort of a soft foam touring design. Now paddlers of all abilities can customize their kayak for a perfect fit based on their needs.

Features

- Large, ergonomic floating backband
- Quick release backband adjustment
- Soft foam seat padding
- Adjustable comfort control hip pads
- Patented SlideLock™ foot braces
- Soft Touch handle
- Leg Lifter

CFS-R SYSTEM

Our CFS-R system is based on the performance-driven design of the famous CFS outfitting. It offers a height-adjustable backrest and leg lifter for versatility, along with a cockpit thighpad that can be easily swapped out for an add-on thighbrace.*

* Axis model only

PERFORMANCE FIT SYSTEM (PFS) 2.0

COMFORT FIT SYSTEM

COMFORT FIT SYSTEM - RECREATION

TRUTRAK SKEG SYSTEM

Dagger kayaks are designed for a range of paddlers and environments. On select crossover and touring kayaks, our innovative TruTrak system features a built-in drop skeg that gives you the control to push the boundaries of traditional category performance.

Our high-quality skeg adds minimal weight but brings major control on demand. A height-adjustable skeg maintains balance with the bow and stern to keep your kayak on course with the changes in environment.

Performance and reliability have been bolstered in the TruTrak system for 2011. Durable construction and hydrofoil shape offer more efficient water mending for an overall improved paddling performance when deployed. The system enclosure has also been reengineered for long-term durability, with the blade housing design now being easier to perform any repairs needed over time.

2012 SPEC & COMPARISON CHART

BOAT SPECS HOW WE GET THEM, WHAT THEY MEAN

WEIGHT
Based on a fully assembled boat including all outfitting. (NOTE: When comparing, other companies may not include outfitting in their weight specifications.)

CAPACITY
Field tests determine each model's capacity, with maximum being the greatest load the model can carry and still perform under typical conditions.

DIMENSIONS
Depths are measured from the highest point on the deck to the bottom of the hull directly under that point.

All Dagger Kayaks are designed and manufactured in the U.S.A. and are covered by a 3-Year Limited Warranty. Some limitations apply and coverage varies during the 3 years for whitewater models. Visit www.dagger.com for full details.

COLORS

Colors may vary slightly from those shown in catalog. Color combinations (Lava, Flame, Rain, Glacier) will vary from those shown in catalog and are unique for each boat we produce. Variations in color are not not covered by warranty.

Prices shown are based on US Manufacturer's Suggested Retail Price and are subject to change.

Polyethylene expands and contracts with changes in temperature and humidity. Actual dimensions can vary from those shown in the Specifications Chart due to molding process and/or exposure to extreme hot or cold temperatures. Slight variations are not covered by warranty.

Specifications and features are subject to change.
